Obtaining information and ordering from B&H is quick and easy. When you call us, just punch in the corresponding Quick Dial number anytime during our welcome message. The Quick Dial code then directs you to the specific professional sales associates in our order department.

For Section 7, Bags & Cases, use Quick Dial #: 73
Recognized throughout the world as the ultimate blending of function and style, Billingham bags are designed and handcrafted in England. They feature a soft, yet protective canvas which is repellent to the elements but inviting to the photographer. It will hug your body and safeguard your gear. The sides and base are padded with high density closed-cell foam to absorb bumps and knocks. Unique StormBlock waterproof lining within the canvas keeps your equipment dry. Billingham uses top-grain leather hides in their bags which are tanned and dyed by hand to bring out the natural grain of the skin.

225, 335, 445 and 555 Shoulder Bags

The 225, 335, 445 and 555 all feature a main compartment that is framed internally with 4-ply NyteX binding which maintains the bag's shape and helps to channel rainwater away from the seams. The TukTop allows the main zipper, with its double pullers, to be tucked out of the way when opened. Additional protection against the elements is provided by the leather-bound rain flap with twin top-grain leather tabs and Quick Release System fastenings. Double grip handles allow the bag to be picked up instantly, even if the rain flap is open. The zippered front pocket has two padded internal pockets. All of these models feature the Five Loop Fixing system so that you can attach the optional Back Pack Harness or Tripod Straps. The Delta Sling is designed to prevent the bag from tipping and to reduce any rolling motion as you move, no matter how heavily the front pocket is loaded.

225 Shoulder Bag: The 225 is 12.5 x 8.5 x 9” and includes an 8-15 partition. It is available in Black (BI225BT), Khaki (BI225K) and Sage (BI225SA) colors with Tan leather trim..........................344.95

335 Shoulder Bag: The 335 is 14.25 x 8.5 x 10” and includes 8-15 and 9-18 partitions. It is available in Black with Black leather trim (BI335BB), and Black (BI335BT), Khaki (BI335K) and Sage (BI335SA) colors with Tan leather trim..........................374.95

445 Shoulder Bag: The 445 is 16.5 x 8.5 x 12.5”, and includes the 9-15 and 9-18 partitions. It is available in Black with Black leather trim (BI445BB), and Black (BI445BT), Khaki (BI445K) and Sage (BI445SA) colors with Tan leather trim..........................424.95

555 Shoulder Bag: The 555 is 8.5 x 8.5 x 12.5” and includes the 8-15, 9-15 and 9-18 partitions. It is available in Black with Black leather trim (BI555BB), and Black (BI555BT), Khaki (BI555K) and Sage (BI555SA) colors with Tan trim..........................474.95

Digital Hadley

Roomy enough to carry most D-SLRs with a medium zoom lens attached, as well as an additional lens or flash. A roomy front exterior pocket, which is secured via a brass snap, is ideal for carrying cords, chargers, memory device, or extra batteries. 8 x 9 x 5.5”. Two Velcro dividers are supplied with the Digital Hadley. In addition, a well padded top foam pad is sewn directly into the top of the bag, further insuring precious equipment from bumps and spills. It is available in Black with Black leather trim, and Black, Khaki and Sage colors with Tan trim..........................CALL
106, 206, 306 “Media” Systems
These are the first of a new generation of Billingham bags, and are rapidly proving to be most popular. Constructed from softweave canvas, they are lightweight and hard-wearing and feature the Billingham PressTop. The ingenious design of these bags actually allows the bag top to extend an additional 3” in height with a quick double-snap, which gives the photographer easy access to equipment on the move, or in crowded situations. This feature also addresses larger photo equipment such as an SLR with an attached “handle mount” flash gun. In addition, when the bag top is lowered and secured by the same two side snaps, access to your equipment by others is virtually impossible. These bags feature dual handles with a leather grip, a quick-release system, softweave waterproof canvas and Superflex partitions / external pockets.

106 Shoulder Bag: The 106 is 11 x 7 x 9” and weighs 2.6 lb. It is available in Black with Black trim (BI106B) and Khaki with Tan leather trim (BI106K) ........................................264.95

206 Shoulder Bag: The 206 is 12.5 x 7 x 9” and weighs 3.5 lb. It is available in Black with Black trim (BI206B) and Khaki with Tan leather trim (BI206K) ........................................299.95

306 Shoulder Bag: The 306 is 14.5 x 6 x 8.5” and weighs 4.4 lb. It is available in Black with Black trim (BI306B) and Khaki with Tan leather trim (BI306K) ........................................324.95

Photo Hadley Series Shoulder Bags
The Photo Hadley is a roomy, well-equipped camera bag that can double as a business case. The Hadley Large and Pro bags are big enough to handle a laptop computer. The Hadley Pro features a zippered back pocket with a protective rain flap, a carrying handle and the ability to accept optional AVEA pockets. The Hadley Small can be a well-equipped camera bag, or, with the photo insert removed, a business case. Hadley bags will provide years of service. They all feature bellowed front pockets with press stud expansion, quick-release closure, two expandable exterior pockets, a solid brass clog bolt and harness leather locking system, Stormblocker dual laminate waterproof canvas exterior, a quick-fold top for immediate access to your gear, the Superflex partition system with included dividers, side weather flaps, and an extra-large front cover flap.

Small Hadley Bag: The Small Hadley is 11½ x 4½ x 8½” and weighs 1.5 lb. It is available in Black with Black trim (BISHBB), and Black (BISHBT), Khaki (BISHK) and Sage (BISHSA) with Tan leather trim .194.95

Large Hadley Bag: The Large Hadley has dimensions of 14½ x 5 x 10”, and it weighs 3.2 lb. It is available in Black (BILHBT), Khaki (BILHK) and Sage (BILHSA) colors with Tan leather trim .249.95

Pro Hadley Bag: It’s dimensions are 13½ x 4½ x 9½” and it weighs 1.9 lb. It is available in Black with Black trim (BIPHBB), and Black (BIPHBT), Khaki (BIPHK) and Sage (BIPHS) with Tan leather trim .223.95

The stylish Packington is the comfortable way to carry cameras, laptops or video cameras, and doubles as a roomy travel bag. It’s the ideal companion to accompany you on a voyage around the world. Roomy zippered front pockets are completely protected by a large rain flap with the Quick Release System. The entire front pocket is made from a single piece of canvas, darted to give additional volume. A zippered main compartment contains a detachable, padded photo insert, which has been designed to leave room for additional expedition clutter. The zippered, external back pocket provides storage for documents. An adjustable waist strap attaches securely to prevent the bag swinging and for extra security. External dimensions are 16½ x 6½ x 12½”; internal dimensions are 13½ x 4½ x 9½”. It weighs just 3.75 lbs. It is available in Black (BIPBTQ), Khaki (BIPKQ) and Sage (BIPSAQ) colors with Tan leather trim ........................................................................274.95

**SHOULDER BAGS**

**L2 SHOULDER BAG**

Designed for smaller SLR or rangefinder systems, the weatherproof L2 incorporates the design features found in the entire Billingham line. Designed without zippers, the L2 provides lots of space and protection, a Quick Release closure, a solid brass clog bolt and a harness leather locking system. It has a StormBlocker dual laminate waterproof canvas exterior, a quick-fold top for easy access to gear, a Super-flex partition system with included dividers, an interior back pocket, and gusseted front pocket and side weather flaps. Its external dimensions are 10 1/2 x 5 3/4 x 7 3/4; its internal dimensions are 9 5/8 x 4 1/4 x 5 3/4, and it weighs 1.75 lbs. The L2 accepts optional Avea pockets on either or both ends, and is available in Black with Black trim (BIL2BB), and Black (BIL2B), Khaki (BIL2K), or Sage (BIL2SA) with Tan leather trim ............................................................193.95

**PHOTO EVENTER**

Made from StormBlock dual laminate waterproof canvas, the Photo Eventer top end camera case features an all leather “wrap around” bottom and an interior padded divider sized for your laptop computer. It has extra wide pocket gussets, the QRC Quick-Release closure and a zippered external back pocket. It is available in Black (BIPEB), Sage (BIPES) or Khaki (BIPES) colors with Tan leather trim. Dimensions are 15 x 7 x 12 and it weighs 3.7 lbs..................................................374.95

**SUPERFLEX PARTITIONS**

Protect your equipment from bumps and knocks with Billingham’s SuperFlex partitions. SuperFlex is constructed of non-abrasive anti-fray material which covers non-absorbent closed cell foam. The compartments separate and protect your camera equipment while inside your Billingham Camera Bag. Choosing the right size is easy. All you need is two dimensions; the first number being the diameter and the second being the height (in centimeters). Available in olive color.

CLASSIC COLLECTION

Get at your equipment instantly and simply. The Classic family of bags are made from water-resistant heavyweight cotton canvas and have simple flaps, simple hardware and no clutter. They are a purist’s delight, and the favorite of photojournalists around the world. Classic Domke Bags are available in black, navy, olive or sand canvas. Most Classic bags feature the patented padded insert system, which organizes and protects your gear with less fuss and a lot less bulk, which let you customize your Domke bag to suit any application or equipment combination. And unlike the flat walls, hatches, floors and bridges you find in other bags, these inserts are complete, self-contained storage components. Which means you can move — or remove — any Domke insert without having to empty it first!

F-2 Original Domke Shoulder Bag

The bag that started it all. Ideal for 2 SLRs with or without motor drives, 6-10 lenses up to 300mm, flash unit, and accessories. It has 12 compartments and pockets, a 4-compartment padded insert, an adjustable non-slip Gripper Strap, a removable padded bottom stiffener, and a removable hand carrying strap. The main compartment is 12 x 6.5 x 9” (LWD), and it weighs 2 lbs. 9 oz.

F-1X Little Bit Bigger Shoulder Bag

Just “a little bit bigger” than the F-2. It holds 3 DSLR camera systems, 9-13 lenses, 2 strobes, a battery pack, a small tripod, an umbrella, and accessories. It has even gained popularity among TV crews as a “run” bag. It has 15 compartments and pockets, a patented four-compartment padded insert, and 4 pockets to organize small items. Dimensions are 17 x 6.7 x 9” (LWD). It weighs 3 lbs. 4 oz.

F-3X Super Compact Shoulder Bag

The bag to grab when the assignment doesn’t call for dozens of pieces of equipment. The F-3X is a very inconspicuous camera bag that carries a surprising amount of gear. Ideal for 1 or 2 cameras with or without motor drives, 3-4 lenses, flash unit, film, and accessories. It has nine compartments and pockets, Domke’s trademark “upside-down” zipper pouch, a removable padded partition wall and a removable hand carrying strap. Dimensions are 8.5 x 5.5 x 9” (LWD). Weighs 2 lbs.

F-4AF Pro System

Today’s professional autofocus SLR bodies are larger than ever. Add a state-of-the-art zoom lens, and you’ve got a formidable piece of equipment. The F-4AF offers eight compartments and pockets, a large padded insert that holds an autofocus SLR/zoom lens in a “grab-and shoot” position, and a second insert that has twin compartments for extra lenses or “potato masher” strobes. It is ideal for the Nikon F-4/F-5 or Canon EOS-1 with zoom lens mounted, two additional zoom lenses, flash, film, accessories. It features an adjustable non-slip Gripper Strap, an open cell foam liner sewn into bottom and a hand carrying strap. Dimensions are 9 x 8 x 11” (LWD); it weighs 2 lb. 7 oz.

**PhoTOGS Jacket**

If you’re outdoors shooting, hiking, birding or touring, the PhoTOGS Jacket/Vest has 16 pockets to keep your gear easily accessible. There’s plenty of room for cameras, lenses, flash, filters, binoculars, maps, and just about anything else you want to “wear.” It features zip-off sleeves that allow you to convert the jacket to a vest, a stowaway nylon hood, two hidden zippered pockets for passports, tickets, cash, etc. and roomy, bellows-style cargo pockets. 100% cotton, neutral khaki with an olive/gray tint. Small (DOJPS), Large (DOJPL), X-Large (DOJPXL) ......109.95

- Medium (DOJPM)........................124.95
- XX-Large (DOJPXXL)......................139.95

**PhoTOGS Vest**

A combination of fashion and function for the active photographer or outdoor enthusiast. The PhoTOGS Vest is made from 100% cotton, pigment-dyed Khaki color. A hint of olive/gray makes this vest a handsome, neutral-tone garment.

- Cotton mesh panels at yoke and back provide cooling ventilation.
- Pockets, pockets, everywhere: cargo, handwarmer and zippered. (18 in all!)
- Shoulders are padded and quilted.
- Heavy-duty double-pull zipper for greater comfort.

- Small (DOVPS) ..................................74.95
- Medium (DOVPM), Large (DOVPL), XLarge (DOVPLX) .............64.95
- XXLarge (DOVPLXX)......................79.95

www.bhphotovideo.com
**F-901 Compact Pouch:** Great for small zoom lenses, flash units, or cell phones. Adjustable Velcro tabs attach securely to shoulder straps, or you can use the extra-wide belt loop. The top flap has a Velcro closure. The F-901 accepts an optional FA-280 Mini Insert. It's dimensions are 9 x 5 x 3”.

**PADDED INSERT SYSTEM**

Domke’s exclusive, patented design prevents small items from wandering between compartments, and allows you to pre-load and store Inserts outside the Domke Bag. Preparing for a shoot is as easy as dropping in the Insert(s) you need! All Inserts feature removable outer-wall cushions so you can increase or reduce the padding around your equipment.

- **1-Compartment Small Insert (DOFA280)**
  - Included with the F-803. Holds one lens, flash, or standard camera. 4 x 3 x 8" ....14.95

- **1-Compartment Insert (DOFA210)**
  - For a larger camera body or a standard body with a lens attached, 2 flash units or a zoom lens. 6 x 3 x 8" .......................16.50

- **1-Compartment Large Insert (DOFA211)**
  - Included with F-4AF and F-7 Bags. Designed for a large autofocus camera with a zoom mount, or a medium format camera. 5 x 6 x 8" ......................19.95

- **2 Compartment Insert (DOFA220)**
  - Included with F-4AF and F-7 Bags. For 2 lenses, 2 flash units, spare camera bodies, or any similar combination. Add this insert to your F-2 Bag insert to section it off completely. 6 x 3 x 8" ......................19.95

- **3 Compartment Insert (DOFA230)**
  - Use in your Satchel to carry a camera, lens, and flash safely. 11 x 3 x 8" ..................22.50

- **3 Compartment Insert (DOFA231)**

**Short Inserts for F-6**

- Same as the regular sized inserts, but only 6.75” height to fit the F-6 bag.
  - 1 Compartment (DOFA246) ..........22.50
  - 2 Compartment (DOFA226) ..........22.50
  - 4 Compartment (DOFA216) ..........14.95
SHOULDER BAGS

SB Reporter Shoulder Bags
SB Reporter Shoulder Bags are provided with internal padding kits, dividers, and removable reinforced bottom flooring, so that you can choose whether to use some, all, or none, thereby defining the rigidity and flexibility levels of your case. (If additional division is necessary, Modi-Vers Kits are available). A special top securing strap allows volume reduction when the bag is not packed to the maximum. Semi-rigid TST front pockets and large external side pockets provide additional storage, and the larger SB-907 even features a designated laptop case which can be used individually. SB Reporter Shoulder Bags feature a triple opening system for any working eventuality: The main double buckle closing flap allows full access to all the equipment at once and is most convenient when loading and unloading the bag. A quick "One Pull" top zippered flap allows for quick access to the working camera at all times. Two side zipper openings enable the quick draw of lenses, flash unit or other accessories, without having to open the bag.

SB-902 Reporter Shoulder Bag (KASB902)
Fits 1-2 DSLRs, 2-3 lenses and accessories. External dimensions are 12.5" x 6.2" x 10.2", and it weighs 2.6 lbs..............................................145.00

SB-904 Reporter Shoulder Bag (KASB904SC)
Fits 2 DSLRs, 4-6 lenses (up to 300mm) and accessories. External dimensions are 18.8" x 14.9" x 11.8", and it weighs 2.6 lbs............159.95

SB-907 Reporter Shoulder Bag (KASB907)
Fits 2-3 DSLRs, 6-8 lenses (up to 300mm), accessories and a laptop. 21.2" x 13.3" x 12.5" external dimensions. It weighs 4.4 lbs....184.95

Waist-Shoulder Bags
Designed for the professional photographer on the go, Waist-Shoulder bags are ergonomically designed to allow you to "shoot from the hip" without taking the case off your shoulder: Contoured shape for a closer to the body center of gravity; 2 DP Buckles ensure correct Case-Strap-Carrier angle; ergonomic Non-Slip shoulder strap; opening away from the body by a quick release buckle; 3D hip pad with a removable concealed hip belt for additional support and weight distribution can also be used as a connection point to Kata's Insertrolley. These bags are supplied with Modi-Vers dividers which allow you to set up the large main compartment to suit your needs. 3 large pockets, 4 flat pockets and the tying loops, provide additional storage.

WS-604 Waist-Shoulder Bag (KAWS604)
Fits 2 digital SLR bodies, 2-4 lenses, and accessories. External dimensions are 17.7" x 11" x 9.1", and it weighs 2.9 lbs..............................................139.95

WS-606 Waist-Shoulder Bag (KAWS606)
Fits 2-4 digital SLR bodies, 6-10 lenses, and accessories. External dimensions are 21.2" x 12.5" x 12.5", and it weighs 4.6 lbs..............................149.00

MC-61 Shoulder Bag
The perfect companion for the genuine field photographer. Featuring a level of protection you haven’t seen before, provided by the TST and the well padded sides of the bag, the MC-61 combines all you need in one case. It offers the option of carrying several camera bodies with a variety of additional lenses (mounted or separate), a laptop, professional and personal accessories — holding each piece of equipment and gear in its own compartment. It has multiple carrying possibilities — the B shaped shoulder strap, the click handle and the Insertrolley option — all in a compact case that can be carried on board a plane and stored in the overhead bin. Internal main compartment measures 19.3 x 8.3 x 10.6", external dimensions are 20 x 12.2 x 12.6" (LWH), it weighs 5.5 lbs.

- Service compartment can be divided and organized to fit all extra gear like batteries, charger, cables, lenses and many more.
- Two side doors open a long padded back compartment where you can store a small tripod or many accessories organized inside the two included drawers.
- 2 sets of Modi-Vers to allow for partitioning according to your preference.
- Front pocket for personal effects like PDA, wallet, cell-phone etc.
- Padded mesh pockets for flat items like filters.
- Tripod holding recess and straps.
- 6 openings allow for separate access to camera, laptop and accessories.
- Fits all types of laptops with mouse, cables etc.
- Full opening for easy access to large camera configurations.

MC-61 Shoulder Bag (KAMC61) .................................................................179.00
Organizer / Lighting Cases

OC Series bags are designed to withstand hard use in any environment. Kata’s TST technology on the front of the bag and the honeycomb-reinforced circumference provide ultimate protection for the gear within. They have two full-sized compartments — a shallow compartment that can hold flat accessories such as gels, cables, a laptop or paperwork, and a second, deeper compartment for photographic equipment. In the larger OC-84, OC-86, OC-88 and OC-97, the deep compartment can hold lighting equipment. Both compartments can be custom fit to meet your exact requirements. The cases are supplied with ample modular dividers. If additional division is necessary, a Modi-Vers Kit is included. A large external padded pocket and an internal accessory pocket panel offer additional storage solutions. These cases come with strong padded handles a BSS shoulder strap, and with the exception of the OC-82, an Insertrolley.

**OC-82 (KAOC82):** The deep compartment fits 1-2 D/SLR bodies with 3-4 lenses and accessories, OR a medium format kit. It can also be used as a Lighting Bag for a small lighting kit. The shallow compartment is designed to hold a 17” laptop or paperwork. Two straps can connect a small tripod to the exterior of the case. The OC-82 is Insertrolley compatible ............................................................... **155.00**

**OC-84 (KAOC84):** The deep compartment fits 2-4 D/SLR bodies with 6-8 lenses and accessories, OR a medium format kit. It can also be used as a Lighting Bag for a small lighting kit. The shallow compartment fits a 17” laptop or paperwork. An individual laptop case, which is supplied with the case, will fit up to 15” laptops (this case can also be used separately). Two straps can connect a small tripod to the exterior of the case. Includes Insertrolley ........................................................................... **210.00**

**OC-86 (KAOC86):** The deep compartment fits three flash units or monoblocs, a pro power unit and three small/medium lighting stands OR four monoblocs without a power unit or lighting stands. The shallow compartment holds related accessories such as cables and light domes OR lighting stands and umbrellas. An Insertrolley is included ........................................................................................................... **274.95**

**OC-88 (KAOC88):** The deep compartment fits 2 flash units or monoblocs, a pro power unit and lighting stands, OR 3 to 4 heads monoblocs without a power unit or lighting stands. 3 modular pouches will secure small accessories such as light bulbs and plugs anywhere in the main compartment. The shallow compartment holds accessories such as cables and light domes OR lighting stands and umbrellas. Includes Insertrolley........................................................................... **327.95**

PB-Series Small Camera Cases

The PB-44, PB-46 and PB-48 are comprehensive camera bags that are designed with style, are ergonomically engineered and TST-protected. The main compartment holds a DSLR in top grip position, while on the two sides you can store and protect lenses, flash or other accessories. Padded internal and external pockets accommodate additional equipment.

PB-44 Camera Case (KAP44)
8.2 x 5.1 x 7.8” (LWH), 1.1 lbs ............... $35.95

PB-46 Camera Case (KAP46)
8.6 x 5.5 x 9.4” (LWH), 1.4 lbs ............... $42.95

PB-48 Camera Case (KAP48)
10.2 x 7.1 x 9.4” (LWH), 1.8 lbs ............... $49.95

C-52/C-54 Camera Pouches

The stylish C-52 and C-54 are unique, TST protected, mini camera cases. Their main compartment can accommodate a digital camera, 4 spare batteries and 2 memory cards (in the elastic pop-out media kit). The C-54 features back and top 3D Air-Mesh pockets that store accessories like filters, cleaning kit, tools and more. These cases can be carried on your belt or with the adjustable shoulder strap, and provide double protection from moisture and dust by the folded zipper and unique “internal wall”.

C-52 Camera Pouch (KAC52CCS)
3.9 x 3.1 x 5.5” (LWH), Weighs 0.22 lb ........... $24.95

C-54 Camera Pouch (KAC54CCM)
4.7 x 3.5 x 6.3” (LWH), Weighs 0.30 lb ........... $31.95

C-56/C-58/C-59 Camera Cases

Stylish, ergonomically designed and TST protected, the main compartment of the C-56, C-58 and C-59 accommodate a DSLR with a zoom lens, and additional lenses, flash-unit, charger and other equipment. Five padded internal/external pockets and a separate media kit will hold extra gear. Carrying options include Elasto-Rubber handle, BSS shoulder strap and back loops for a waist belt. The cases’ folded zipper and unique “internal wall” provides double protection from moisture and dust. In rain, use the elements’ cover black side out, and in sun, reverse to silver for heat reflection.

C-56 Camera Case (KAC56CCL)
9.1 x 5.5 x 9.1” (LWH), weighs 0.67 lb ........... $48.95

C-58 Camera Case (KAC58CCXL)
11.8 x 7.9 x 10.2” (LWH), weighs 1.1 lbs ........ $66.95

C-59 Camera Case (KAC59CCXL)
16.5 x 9.8 x 13.3” (LWH), weighs 1.9 lbs ........ $84.95

P-Series Camera Pouches

Multipurpose bags providing complete TST protection, the P-32 and P-34 can be carried either on your belt, in your satchel or as a part of a transporting organizing system. The P-36 can also be threaded threaded through your shoulder bag, while the P-38 can be carried by its handle or adjustable shoulder strap. The P-36 and P-38 feature two opening methods: a top auto-flip-back lid and full peripheral zipper access.

P-32 Camera Pouch (KAP32WS): Store a miniature digital camera, 4 memory cards, 4 AA batteries and many more options. The pull-out Media-Kits can be cut away if needed. Dimensions are 3.5 x 1.4 x 4.7” (LWH), and it weighs 0.2 lb ...................... $15.95

P-34 Camera Pouch (KAP34WM): The P-34 holds a small digital camera, four Mini DV tapes, charger, cables and more. Elastic bands hold the contents in place while the two adjustable side-connectors allow you to set the opening size according to carrying method and equipment. Dimensions are 4.5 x 2.8 x 6.7”, it weighs 0.3 lb ...................... $21.95

P-36 Camera Pouch (KAP36WL): Holds a small digital camera, two battery packs or accessories like cables and a charger. Two separate compartments have internal pockets that accommodate media cards and additional equipment. Dimensions are 3.9 x 2.6 x 7.1”, and it weighs 0.3 lb ...................... $22.95

P-38 Camera Pouch (KAP38WXL): The P-38 holds either a DSLR body or a medium digital camera. Two separate compartments share volume according to content and allow for additional equipment. Dimensions are 8.7 x 3.9 x 9.1”, and it weighs 0.6 lb ...................... $38.95
SLING CARRIERS / TORSO-PACKS

S-308 Sling Case Carrier (KAS308SCS)
A modular, multifunctional, shooting-gear-carrier, the S-308 enables you to carry the camera in front, as a shoulder bag, or on your back. It can be used individually or, with the included connecting system, as a platform for one of Kata's cases. The shoulder pad is well cushioned and can be comfortably adjusted. Designated pockets store accessories like cell phone, PDA and wallet, while a concealed rear pocket safeguards valuables. Dimensions are 13.8 x 2.0 x 13.8”, and it weighs 4 lbs ..........46.95

S-312 Camera Sling (KAS312SCL)
The S-312 incorporates TST protection and is ergonomically designed to carry a digital point and shoot camera. The unique diagonal configuration offers an alternative to traditional carrying methods. The camera can be placed in either of the two front pockets while keeping valuables close in a concealed rear compartment. Additional pockets will hold a cell-phone, PDA, media cards, keys and more. It’s external dimensions are 13.8 x 2.8 x 8.7”, and it weighs 0.8 lb...................46.95

Camera Holsters
These revolutionary holsters give extra TST protection while allowing for quick access to your digital SLR and zoom lens set. The camera is held in place by looping the divider around the lens vertically or positioning it horizontally and creating a bottom compartment for an additional lens or flash. The media kit holds batteries and memory cards. Five padded accessory pockets store filters, a cleaning kit, light meter, cell-phone, PDA and much more. Carry the holster with a handle, BSS shoulder strap or a 3D-mesh loop for your waist belt. These holsters feature a double closure system - a two-slider zipper and a one-hand operating buckle. In addition to the rain-protected lid, they are equipped with Kata's unique elements cover: black side out in rain, silver side out in the sun for heat reflection.

H-10 (KAH10H): Dimensions are 8.6 x 5.5 x 9.4", and it weighs 15.5 oz ..................60.00
H-12 (KAH12H): Dimensions are 9.4 x 6.7 x 11.4", and it weighs 1 lb ....................69.95
H-14 (KAH14H): Dimensions are 13.3 x 7 x 11.8", and it weighs 1.5 lbs ..............78.95

Waist Packs
Designed for digital SLR systems, Waist Packs incorporate TST protection and can be comfortably worn in the front for quick access while opening the cover away from your body, or in the rear for best weight distribution. It can also be carried by the thermo-rubber handle or as a shoulder bag with the SPAD strap hooked to the 2 D-rings (the waist belt can be tucked away or buckled for extra stability). Arrange the main compartment and the seven independent pouches to fit your gear by using the divider system. A pro SLR with 2-4 lenses and additional gear like flash, hood, charger, power supply, etc. will fit in this roomy pack. The front divider enables internal and external approach to the TST pocket. Two padded expandable pouches on both sides accommodate lenses or any other item you would like to have close at hand. Additional pockets in the lid and front will store all required accessories. Full protection on the main zipper and Kata's unique cover protects your equipment from the elements.

W-92 (KAW92): 16.5 x 9.8 x 7.1", and it weighs 1.5 lbs......................82.95
W-94 (KAW94WP): 18.8 x 8.6 x 7.8", and it weighs 2.2 lbs..................89.00
### BACKPACKS

#### R-101/R-102/R-103 Rucksacks

Kata Rucksacks gives quick, separate access to the camera and lens setup in the central compartment, while the rest of the equipment surrounding it remains secure. Additional accessories, like flash-unit, filters, charger, cables and personal essentials can be stored in the spacious arched lid compartment, the 2 outside pockets and the central mesh/vinyl pocket. The ergonomic harness includes a unique cushioning and shock absorbing system, which allows for optimal ventilation, weight distribution and 5-point adjustment mechanism. They include a well-padded dividing set, a TST tripod holder and an adjustable strap. Camera straps can be attached to the D-rings on the harness and will take the camera load off your neck. In order to provide stability when on the go, two 25mm wide straps are provided and can be connected to the base of the harness. Full protection on the main zipper and Kata's unique cover make sure that your sensitive equipment is well protected from the elements.

#### Hiker Backpacks

Hiker Backpacks have deep main compartments that are set up with modular dividers. Two soft TST open pockets hold water bottles, a small tripod, etc. and an assortment of pockets work together to provide the ultimate carrying and protecting solution for outdoor photographers. A tripod can be attached on the front or side of the backpack with the included tripod holder. The advanced harness system offers the ultimate adjustment of all features; shoulder straps, 6-point adjustable waist belt, and lumbar pad, ensuring the perfect ergonomic fit for each person. When not in use, the harness can be neatly folded out of the way to allow for easy storage and to allow the addition of the optional Insertrolley.

#### BP-502 Backpack (KABP502)

Designed for pro D/SLR cameras with zoom or telephoto lenses, a laptop and accessories, the main compartment of this lightweight, ultra-protective case features an internal dividing system, which allows many different setups. And with the optional Modi-Vers divider system, you can customize the interior to meet your exact requirements. The camera is placed in the center for easy access via the small top opening flap, while related equipment is secured in place by flap doors that can be folded away when needed. The BP-302 features additional internal and external pockets, a peripheral zipper opening, and a flat rear compartment for a laptop and accessories. Carrying options include an adjustable ergonomic harness system, an Insertrolley connection sleeve, and an injected grip handle. The BP-502 includes a double-sided elements cover, a tripod sling and securing straps, and camera straps which are connected to the harness. Dimensions are 23 x 17.7x 12.2”, and it weighs 8.6 lbs .......... | 299.95 |

#### RL-302 Laptop Rucksack (KARL302RL)

Designed for professionals on the go, the RL-302 will organize, store and protect your equipment, as well as your traveling gear. A padded laptop shoulder bag (which can also be used as an independent laptop case) is integrated in the TST-protected mid-section for quick and immediate removal. The width can be easily reduced using the buckle and strap adjustment system. A laptop slot is also available inside the rear compartment. Large front and rear padded compartments with organizer panels will hold folders, paperwork, laptop accessories and more. Numerous pockets hold all your personal effects such as mobile phone, PDA, MP3 player, etc. Other features include a quick access pocket for wallet and passport, and a zip-up mesh water bottle pouch. A harness system ensures ultimate weight distribution, and when not in use, will fold out of the way and allow the connection of the optional Insertrolley. Dimensions are 14.5 x 10 x 19”, and it weighs 6 lbs. The laptop case is 11 x 2.7 x 15.7” .......... | 165.00 |

---

B&B

www.bhphotovideo.com
**OPTIONAL ACCESSORIES**

**Modi-Vers Kits**
Create compartments to meet your requirements. The divider can be cut with scissors to any desired size. Attach the newly cut divider to another divider or the walls of the bag with the special hook and loop connectors.

- **Modi-Vers Kit 10 (KAMVK10):** Includes a 40” long x 4” high, semi-rigid divider strip and 10 connectors...30.00
- **Modi-Vers Kit 20 (KAMVK20):** Same as above with a 40” long x 8” high, semi-rigid divider strip..............35.00

- **Soft Modi-Vers Kit 20 (KAMVKS20):** Same as above with a 20” long x 8” high, soft divider strip ...............26.00

**Insertrolley (KTVGDTS)**
The simple, yet ingenious Insertrolley System can be used with many Kata cases. It allows you to either use the trolley separately or with more than one case. Simply slide the trolley through the “sleeve” on the cases for secure and easy mobility. You can detach the trolley when you want to store it and easily replace it if damaged. Patented extendable wheel system helps to better stabilize larger cases. Its dimensions are 11.8 x 3.9 x 18.9”, and it weighs 4 lbs..........................50.00

**Filter Sleeves**
Flat translucent pouches designed to hold round filters. Many Kata cases come with a Filter Sleeve connector, which is a designated strap connector that allows you to secure as many Filter Sleeves as necessary.

- **Filter Sleeve 43 (KAFS43):** Holds filters up to 43mm.............................5.00
- **Filter Sleeve 62 (KAFS62):** Holds filters up to 62mm.............................5.00
- **Filter Sleeve 82 (KAFS82):** Holds filters up to 82mm.............................5.00

---

**E-702 Elements Cover (KAE702CRC)**
The E-702 lets you continue shooting in harsh weather conditions. It slips over the camera and is secured quickly and easily with the adjusters, and pull-cords. Two roomy sleeves provide easy access to all camera and lens controls, while the transparent TPU enables easy monitoring all the time. An adjustable PP hood fits a variety of lens diameters. A full-length double zippers enables complete closure when hand held or on a tripod. The E-702 fits all types of SLR cameras with or without booster or grip.................49.95

**E-704 Lens Sleeve Kit (KAE704LSC)**
The E-704 consists of two lens sleeves, up to 350 and 650mm long and one hand sleeve. It is designed to be attached to the E-702 when shooting with an extra-long zoom or telephoto lenses. Full-length closure along the bottom rim enables quick set-up, and seals tripod connection, while also providing an option to access the lens controls at any point. For sealed access, the hand sleeve can be connected wherever convenient. The PP hood can be adjusted to fit a variety of lens diameters 59.95

**E-690 Elements Cover (KAE690CRC)**
A practical cover for small SLR and digital cameras such as the Nikon D70 or the Canon Rebel series. When suddenly caught by a rain shower the E-690 slips quickly over your camera and allows you to keep on shooting. Access to all camera and lens controls via two side sleeves. A clear view through the transparent TPU enables easy monitoring all the time. Full-length double zipper provides bottom closure when hand held or on a tripod. Once used, you will not understand how you managed without
**Earth Explorer Collection**

The Earth Explorer collection of photo bags reflect National Geographic’s dedication to exploration and conservation. The bags are an ideal blend of today’s protective carrying technology and a traditional “explorer” look and feel. They provide ample room to carry a camera, accessories, and personal belongings. Each bag in the Earth Explorer collection has solid brass buckles with an antique finish and is manufactured from a variety of environmentally-friendly materials, including fibers such as hemp and cotton. The smaller Camera Pouches are designed to hold a small point-and-shoot camera, media, accessories and personal items.

**Earth Explorer Camera Pouches**

The main compartment of the Earth Explorer Camera Pouches are designed to hold and protect a small point-and-shoot digital camera with media accessories. The front pocket holds the media, while a rear flat pocket holds accessories and personal items.

ADVENTURER SERIES BELTPACKS

Orion AW
An award-winning, water-resistant convertible beltpack/backpack, the Orion AW is designed for heavy professional use. It includes an All Weather Cover; a tripod attachment system; a customizable interior; a reverse-open lid; a removable contoured shoulder strap; and a detachable daypack. While using as a beltpack you can swing the Orion AW around for instant access to gear. A DryFlo mesh covered lumbar pad and compression straps provide comfort for heavy loads. It holds a large pro SLR with 80–200mm f/2.8 lens (most makes, not attached), 3–4 additional lenses, flash, compact binoculars and accessories. The interior of the Daypack is 12.5 x 6.5 x 11.25˝ (WDH), the Beltpack size is 12.5 x 7 x 9˝ (WDH). The combined Daypack/Beltpack exterior is 14.5 x 9.5 x 21.25˝ (WDH). Available in Black (LOOA WB) and Forest Green (LOOA WGR) colors..................139.95

Orion
A streamlined water-resistant 600D TXP and 600D TXP ripstop beltpack that hugs your body for comfort, stability and freedom to move. Carry the Orion with or without the removable shoulder strap. The ergonomic design includes many features to keep you comfortable and stabilize your load on uneven trails. There’s a fully customizable interior, lots of pockets (including mesh side pockets) and a reverse open lid for fast and easy access to gear. Capacity: SLR, 3–4 lenses, flash and accessories. The interior size is: 11.5 x 6 x 6.5˝ (WDH). Available in Black (LOOB) and Forest Green (LOOGR) colors........49.95

Orion Mini: Similar to the Orion, but a bit smaller. It holds an SLR and 1–2 lenses. 7.5 x 5 x 6˝ (WDH). Available in Black (LOOMB) and Forest Green (LOOMGR) colors............34.95

Off Road (LOORBO)
It’s versatile, convertible and modular — this beltpack/shoulder bag comes with two removable SlipLock cases. You can add or subtract lenses, water bottles or optional SlipLock add-ons. The adjustable, curved shoulder strap adds support. Includes a DryFlo mesh lumbar pad, laminated mesh pockets, compression straps and a NoDrop Pocket for film and filter changes. It holds an SLR with attached lens, 3–4 lenses or 1–2 lenses and water bottle, flash, accessories. The main compartment interior is 8 x 4.5 x 8˝ (WDH); the lens case interior is 3.25 x 7.75˝ (DH)..................................................94.95

Off Trail 2 (LOOT2B)
A versatile beltpack for a pro SLR, with inner and outer mesh pockets and a DryFlo mesh lumbar pad. Use one or both detachable lens cases, or substitute your favorite SlipLock add-ons. It accepts a pro SLR (including a Nikon F5) with an 80–200mm f/2.8 lens attached (most makes), 2–3 more lenses and accessories. It’s main compartment interior is 7.25 x 6 x 11.25˝ (WDH); the lens case interior is 3.5D x 8.5˝ (DH)..................................................64.95

Off Trail 1: Similar to the Off Trail 2, but a bit smaller. It is great for hiking and biking with just the essentials. It holds an SLR with an attached lens, 2 more lenses, film and accessories. The main compartment interior is 6 x 4.5 x 7˝; the lens case interior is 3.25 x 5.5˝. Available in Black (LOOT1B) .........39.95
## ADVENTURER SERIES BELTPACKS

### Toploader 75 AW (LOTL75AW)
A slim-profile, high-performance beltpack that lets you grab film and equipment in seconds, through a quick-access top zip — without opening the main zipper. Ideal for photojournalists, sports shooters and nature photographers, this pro-quality beltpack stows cameras, video gear or film. Adjustable padded dividers keep film and equipment organized; the padded mesh backpad and BatWing compression straps keep everything snug. It holds an SLR camera body with 2–3 lenses, flash and accessories; or up to 50 rolls of film. Interior dimensions are 12 x 5 x 6˝ (WDH). Available in Black (LOLSLB) ....................................................... $54.95

### Toploader 65 AW (LOTL65AW)
This compact Toploader has closed-cell foam protection, plus an All Weather Cover. A generous front pocket simplifies film and filter changes. A belt slot lets you slide the bag onto your belt. Optional Chest Harness and Cinch Straps are available. It can hold an SLR with an attached small-to-medium zoom lens and accessories. Interior dimensions are 6.5 x 6 x 8˝ (WDH) .............. $69.95

### Extreme weather calls for the serious protection of the patented All Weather Cover.

### Highlight of the Toploader AW Series

- Use a Toploader on its shoulder strap or the S&F Waistbelt, Chest Harness; or combine it with other SlipLock gear.
- Toploader attachment loops take optional SlipLock add-ons for extra gear.
- When you’re traveling light, simply slide an S&F Deluxe Waistbelt or your own belt through the Toploader’s back belt slot.

### HIGHLIGHTS OF THE TOPLOADER AW SERIES
The Adventurer Series Trekker backpacks feature a fully adjustable harness, CollarCut straps, load adjustment straps and a contoured, padded waistbelt to distribute the load. Created from water-resistant 600D ripstop nylon and 600D Endura nylon, they have a customizable interior, water-resistant quick-access YKK zippers, a patented All-Weather Cover and attachment loops that accept optional SlipLock accessories and let you position them wherever they are most convenient. You can position the quick-release Tripod Mount on either side or down the center of the pack. The vertical position balances the weight for difficult terrain.

Super Trekker AW II (LOSTAW2B)
Featuring an improved harness system which includes an adjustable expedition-quality harness with an internal frame, the Super Trekker AW II has a fully customizable interior, and three included accessories (Trekker DayPack, Trekker Lens Pouch and Trekker Accessory Pouch). It holds 2–3 pro SLRs (including the Nikon F5), 7–9 lenses up to 800mm, tripod, flash and accessories. Exterior dimensions with the tripod holder attached is 23.5 x 15 x 27.5˝ (WDH)...........................................................................................................449.95

Pro Trekker AW II (LOPTAW2B)
Similar to the Super Trekker AW II, the Pro Trekker AW II features an internal frame and DryFlo mesh padding. The interior is fully customizable for any system. The Pro Trekker AW II includes the Trekker DayPack, Trekker Lens Pouch and Trekker Accessory Pouch accessories. It can hold 2 large pro SLRs (including the largest professional 35mm or digital SLRs, like the Nikon F5), and 6–7 lenses up to a 600mm f/4.0. Exterior dimensions with the tripod holder attached is 21 x 15 x 23.5˝ (WDH).................................................................................................................359.95

Photo Trekker AW II (LOTAW2B)
For outdoor photographers and extreme sports shooters, this roomy backpack can be customized for a variety of equipment. It includes the Trekker DayPack accessory which fastens to the front of the Trekker. It can hold 1–2 large 35mm or digital pro SLRs with lenses attached, plus 5–7 more lenses (up to a 400mm f/2.8). Exterior dimensions with the tripod holder attached is 14.5 x 15 x 21.5˝ (WDH).................................................................................................................249.95

Nature Trekker AW II (LONTAW2B)
A hardworking backpack that can be customized for many systems. It includes a Trekker DayPack accessory for extra storage capacity. It holds a large 35mm or digital pro SLR; 4–5 lenses (up to a 400mm f/2.8); flash and accessories. Exterior dimensions with the tripod holder attached is 14.5 x 15 x 19˝ (WDH).................................................................................................................229.95
DryZone Waterproof Backpacks

DryZone is the world’s first totally waterproof, soft-sided camera backpack. Even fully loaded, it floats, so your gear is always protected. It has a hi-tech zipper that you can close for watertight protection. When you’re away from water, sand or snow, you can fasten an inner zipper and top clip, and leave the zipper open for faster, easier access to your equipment. Inside the DryZone is a heavy-duty camera compartment, completely customizable for a variety of systems. Wrapping it all up is the backpack, which includes a tuck-away tripod holder, two self-draining outer mesh pockets, generous inner mesh pockets, a drain hole for the pack, an ergonomic, fully adjustable backpack harness, rubber handle and attachment loops for SlipLock add-ons on the padded waistbelt and the contoured shoulder straps.

DryZone 100
Accepts a pro SLR; 4–6 lenses (80–200mm f/2.8); flash and accessories; Size (Interior): 11W x 5.5D x 15H˝; (Exterior): 12.5W x 8D x 17.5˝.
Available in Gray (LOD100G) and Yellow (LOD100Y) colors ........................................... 249.95

DryZone 200
Accepts a pro SLR; 4–5 lenses (up to a 300mm f/2.8, with hood reversed); flash and accessories; Size (Interior): 12W x 6D x 17H˝; (Exterior): 14.5 x 11.5 x 19˝ (WHD).
Available in Gray (LOD200G) and Yellow (LOD200Y) colors ........................................... 269.95

DryZone Rover

The Lowepro DryZone Rover is a backpack designed to safely carry water and camera equipment in the same bag. The design of the DryZone Rover allows you to comfortably store camera equipment or other water sensitive items in the waterproof lower compartment while providing quick access to personal storage space above. You can remove the padded camera insert from the lower DryPod and you instantly have a multi-purpose waterproof pack.

The DryZone Rover is designed for quick and easy access to equipment and personal gear in the upper compartment while the lower compartment is kept completely waterproof by utilizing a T-Zip EasySeal zipper and a rubber-coated nylon DryPod with heat sealed seams. In addition to being waterproof, the backpack is buoyancy- certified to 35 pounds and allows photographers to work in extreme environments without fear of losing the entire backpack and its contents if dropped into water.

The included hydration system, designed by Hydrapack, is a lightweight water reservoir made from strong, taste-free polyurethane. With a capacity of up to 50 ounces it keeps photographers hydrated while hiking or on the go. The Touch Fastener sealed wide mouth opening makes it fast to fill and easy to clean. An EasyFlo shut-off bite valve completely seals the valve for safe usage around camera equipment or other electronic devices.

The DryZone Rover also includes many features designed specifically for digital photographers including built-in memory card holders for quick access and safe storage; laminated mesh pockets and removable accessory pouches for storing power cables, adaptors and other digital accessories.

Gray (LODZRGR) ........................................... 229.95
Yellow (LODZRY) ........................................... 229.95
ADVENTURER SERIES BACKPACKS

Lens Trekker 600 AW (LOLT600AW)
The water-resistant Lens Trekker 600 AW features a fully adjustable built-in backpack harness that includes a padded back pad with lumbar support, padded CollarCut straps, an All Weather Cover, lens stabilizer, lens collar and a padded waistbelt. Attachment loops on the shoulder straps take optional SlipLock add-ons. It accepts a large pro SLR with lenses from 300mm f/2.8 to 600mm f/4 (attached) or up to 800mm (without body attached), plus lens hood and tripod collar; or a pro SLR with 2 shorter lenses and accessories. Its exterior dimensions are 11 x 12.5 x 22” (WDH) ........................................... 149.95

Orion Trekker II
This two-compartment backpack easily carries and protects camera gear, plus snacks, clothing or personal items. It has a padded contoured shoulder harness, detachable waistbelt, and mesh-covered back pad. It accepts an SLR with attached zoom, 2–3 more lenses, flash or compact binoculars plus accessories. A removable camera insert allows this backpack to be used as a standard full daypack. The top compartment interior is 11.8 x 6.9 x 10.4”. The bottom compartment interior is 11 x 6.5 x 6.3”. Available in Black/Red (LOOT2R) and Black/Silver (LOOT2BR) colors ........................................... 64.95

Rover AW II (LORAW2B)
A two-compartment backpack with an adjustable, padded, built-in backpack harness that includes CollarCut shoulder straps, a sternum strap, waistbelt, and load-adjustment straps. Attachment loops on the harness and waistbelt accept optional SlipLock add-ons. Camera gear stows in the bottom compartment, while extras can go in the top compartment. The center divider folds away to create a single compartment. It includes a pull-out tripod holder and mesh side pockets. It holds a large pro SLR with 80–200mm f/2.8 lens attached, additional lenses and accessories. Top compartment size (interior): 11 x 5.5 x 11” (WDH). Bottom compartment size (interior): 11 x 5.5 x 10” (WDH) ........................................... 139.95

Micro Trekker 200
This water-resistant, compact and functional camera backpack has a large front pocket with internal organizer pockets, expandable side pockets, laminated mesh pockets, wide shoulder straps, sternum strap, a removable waistbelt and two attachment loops for optional SlipLock add-ons. Removable bottom straps take a small tripod or a windbreaker. It holds an SLR with an attached 80–200mm f/2.8 lens (most makes) plus three more lenses or an additional body or a flash. Its exterior dimensions are 11 x 8.5 x 14H” (WDH). Available in Black (LOMT200B), Forest Green (LOMT200GR) and Red (LOMT200R) colors ........................................... 64.95

Micro Trekker 100: Same as above, but slightly smaller. It holds an SLR plus 2-3 extra lenses or a flash or an additional camera body. 10.5 x 8 x 11.5” (WDH). Available in Black (LOMT100B), Forest Green (LOMT100GR) and Red (LOMT100R) .......................... 49.95

Specialist 85 AW (LOS85AW)
An ergonomic shoulder bag/beltpack for photographers who need instant access to a large pro SLR with attached lens. This hardworking bag has a fully customizable interior, mesh pockets, a NoDrop Pocket for film and filter changes, an All Weather Cover, metal D-rings and a reverse-open lid. It comes with a padded shoulder strap and a built-in waistbelt for stability and carrying comfort. For more support, add an optional S&F Shoulder Harness or S&F Vest Harness. The Specialist 85 AW holds 1–2 large pro SLR bodies (including the Nikon F5) 3–5 lenses, including an attached 80–200mm f/2.8 lens. Its interior dimensions are 11 x 6.5 x 12” (WDH) .......................... 109.95

Shoulder Bags

The Portable Studio Series shoulder bag collection features pro-quality shoulder bags that are created from water-resistant 1200D ballistic TXP and 2000D ballistic nylon fabric. They all have an OverLap Zipper; an All Weather Cover for rough weather and dust; a removable FilmPack; extensive pockets; a thickly padded shoulder strap and padded leather handle, and attachment loops for optional SlipLock accessories.

Commercial AW (LOCAW)
A large, pro-quality shoulder bag with two detachable Pro AW Side Pockets, a thickly padded shoulder strap, padded leather handle and Belt & Buckle. The flexible, modular interior lets you stow bodies and most-used lens horizontally or vertically — or flip the divider for a different layout. It accepts 2 SLRs, 6-8 lenses and accessories. Interior size is 17 x 9 x 9”; exterior size is 19 x 12.5 x 11” (WDH) .............239.95

Magnum AW (LOMAW)
This pro bag features a customizable interior; lots of inner and outer pockets; two detachable Pro AW Side Pockets while the belt loops take an optional Belt & Buckle for carrying comfort and stability. It holds 2 pro SLRs with attached lenses, 4-5 additional lenses, a pro flash and accessories. Interior size is 15.5 x 8 x 8.5” (WDH); exterior size is 17 x 12.5 x 10” ...179.95

Compact AW (LOCAWBQ)
A hardworking shoulder bag that includes lots of inner and outer pockets and two removable Pro AW Side Pockets. It can hold 2 pro SLRs, 3–5 lenses, flash and accessories; or a 645 medium format camera, 4 lenses and accessories. Interior size is 13 x 7.75 x 8” (WDH) ...........139.95

Pro Mag 2 AW (LOPM2AWB)
A slim-profile bag for special assignments. The high-density, closed-cell foam provides serious protection. A divider system, many pockets and straps for a light tripod keep you organized. The award-winning Pro Mag 2 includes a Belt & Buckle, and accepts 1–2 large pro SLRs, 4–5 lenses (up to 80–200mm f/2.8 with reversed hood), flash and accessories. Its interior size is 11 x 6.5 x 10” (WDH) ...............139.95
HARD & SOFT SHELL COMBOS

Omni Trekker & Trekker Extreme (LOOTEBQ)
The convertible Omni Trekker backpack/shoulder bag fits into the waterproof Trekker Extreme hard case (or Pelican 1550). The Omni Trekker has a unique removable/hide-away backpack harness; rugged metal hardware; a reverse-open lid; front and top zipper access (so you can grab gear even when the Omni Trekker bag is in the Trekker Extreme case); removable tripod straps; laminated mesh pockets; a padded, contoured shoulder strap; and fully customizable interior. It can hold 1–2 SLRs, 6–8 lenses and accessories; or a medium or large format system. The bag interior is 17.5 x 5.25 x 13˝ (WHD); its exterior is 18 x 6.5 x 13.5˝ (WHD). The case exterior is 20.5 x 8.5 x 16.75˝ (WHD) ......................................324.95

Omni Pro & Pro Extreme (LOOPEB)
The Omni Pro, a slim, attaché-style bag is sized to fit a waterproof Pro Extreme hard case (or a Pelican 1520). The Omni Pro features removable tripod straps; metal hardware; a padded, contoured shoulder strap; and a fully customizable interior that equips the Omni Pro for professional shoots. It carries 1–2 SLRs, 5–7 lenses, film and accessories; or a compact medium format system. The Omni Pro interior is 16 x 5.5 x 11.5˝ (WHD); its exterior is 17.5 x 6.25 x 12.25˝ (WHD). The Pro Extreme case is 19.25 x 7.5 x 15.5˝ (WHD) .................................................................254.95

Omni Traveler & Traveler Extreme (LOOTEB)
An attaché-style case (the Omni Traveler) teams up with the waterproof Traveler Extreme hard case (or a Pelican 1450). Omni Traveler has a customizable interior with mesh pockets; heavy-duty metal hardware; padded, contoured shoulder strap; plus top and front zipper access. Capacity: SLR, 4–6 lenses, film and accessories; or a compact medium format system. The Omni Traveler interior is 13.5 x 4.5 x 9˝ (WHD); its exterior is 14.5 x 5.25 x 10˝ (WHD). The Traveler Extreme hard case is 16W x 7 x 13˝ (WHD) ........................................................................................................174.95

Omni Sport and Sport Extreme (LOOSEB)
The Omni Sport convertible beltpack/shoulder bag slides into a waterproof Sport Extreme hard case (or a Pelican 1400). The Omni Sport works as a shoulder bag on the removable, padded, contoured shoulder strap or a beltpack on its hide-away waistbelt. Gear is easily accessible, even in the Sport Extreme case. The customizable interior has handy laminated mesh pockets for film and accessories. Capacity: SLR, 2–3 lenses, film and accessories. The Omni Sport interior is 9.75 x x 8˝ (WHD); its exterior is 11.5 x 5 x 7.5˝ (WHD). The Sport Extreme is 13 x 6 x 12˝ (WHD) ........................................................................................................124.95

**Pro Roller 3 (LOPR3B)**

Designed as a workhorse, the Pro Roller 3 has an ultra strong resilient ABS plastic inner casing, a heavy-duty wheel-and-handle system with oversize molded plastic bumpers and a rigid plastic divider system covered with extra foam padding and soft tricot lining to keep equipment snug and safe. Two removable tripod/light stand holders carry essential hardware, while a bungee cord system lets you add an additional large camera bags or a brief-case. It includes lockable zipper tabs, a removable padded handle, SlipLock attachment loops and a prop-up stand. It holds 2 large flash heads, power pack, umbrellas, tripods and/or light stands, gels and gel holders; plus 6 x 7 SLR (including a larger medium format camera), prism finder, 3–4 lenses, 2–3 film backs, a large pro flash and accessories; or 35mm or digital pro SLR system. Interior size: 17 x 9 x 22” (WDH); exterior size with tripod holders attached: 24.5 x 14 x 25” (WDH) ....399.95

**Pro Roller 2 (LOPR2B)**

An essential rolling case for professional assignments, the Pro Roller 2 has a super-tough wheel-and-handle system, plus two tripod/light stand holders and an exterior bungee web. It includes ample inner and outer pockets, top and front attachment systems for extra cases, a prop-up stand and leather-wrapped, padded handles. It accepts a pro SLR system; or 6 x 7 SLR, 3–4 lenses, film backs, handle-mount flash and accessories; or SLR plus medium format equipment. Interior size is 14 x 7 x 21.5” (WDH); exterior size with tripod holder is 16.5 x 11 x 25.25” (WDH) ................ 329.95

**Pro Roller 1 (LOPR1B)**

A tough professional rolling case with all the features of the Pro Roller 2, but a bit smaller. Interior size is 12 x 5.5 x 17.5” (WDH) ................. 289.95

**Pro Roller Mini (LOPRM)**

An ultra-compact professional rolling case, the Pro Roller Mini has a fully customizable interior removable insert for easy format changes and leather-wrapped padded top handle. It holds a pro SLR with an attached 80–200mm f/2.8 lens, an extra body, 4 more lenses and accessories. Interior size is 11 x 4.25 x 15.5” (WDH) ............................................................ 199.95

---

**HIGHLIGHTS OF THE PRO ROLLERS**

**PRO ROLLER 3 HIGHLIGHTS**

- A flip-up stand makes it easy to see and grab equipment.
- Dividers are rigid plastic covered with two layers of foam for maximum protection from impact. The Pro Roller 3’s structural casing is the same tough plastic as crash helmets.

**PRO ROLLER 2, 1 & MINI HIGHLIGHTS**

- Exterior bungee cords hold a reflector or other oversize gear.
- Change formats without changing bags – just get an extra Multi-Format or Medium Format Pro Roller Insert for your other system. Or remove the insert and use the Pro Roller as luggage.

Size (Interior): 3.5 x 1.75 x 5.5˝ (WDH) .. 13.95

SlipLock Pouch 10 (LOP10SF)
Size (Interior): 2.75 x 1.75 x 5.5˝ (WDH) ... 12.95
**Deluxe Shoulder Strap** (LOSSDB)
A Lowepro invention, the body contoured, thickly padded, nonslip strap is now the industry standard for briefcases, notebook cases, sports bags and luggage. An ergonomic design ensures proper load distribution and comfort, and there are tough, welded-metal, full-rotation clips. One size fits all ..........16.95

**Belt & Buckle** (LOBBZ)
Give your shoulders a break! The Belt & Buckle slips through the loops on many Lowepro bags, distributing weight to your hips for comfortable, hands-free carrying and stability on rough ground. It provides additional security by keeping the load close to your body. One size fits all..................7.95

**Trekker DayPack II** (LODPT2)
A versatile daypack for your sweater, jacket and snacks. It can be used on its own or can be fastened to the front of the Trekker AW II for extra storage capacity. It’s outer fabric is made from water-resistant 600D ripstop nylon. Dimensions are 12.5 x 3 x 18”..........36.95

**Backpack Harness** (LOBPH)
Carries a fully loaded Professional AW or large Nova AW bag in an upright position. The CollarCut straps and 2-way adjustable sternum strap are ergonomically designed to distribute weight for greater comfort........29.95

**Speedster Camera Strap** (LOSSB)
A lightweight, compact and flexible camera neck strap ever. The Speedster was designed for active photographers and photojournalists. Simple yet highly functional, it folds efficiently into camera bags and easily adjusts in length to accommodate a wide variety of camera bodies and equipment. Two quick-release buckles make switching from one camera body to another fast and easy..........19.99

**Transporter Camera Strap** (LOTSSB)
Designed for the professional or core enthusiast photographer who works with multiple cameras, binoculars or other photography equipment. The unique design includes a comfortable, non-slip shoulder pad that stays in place even when the strap is adjusted to a variety of lengths or swung completely out of the way while using another piece of equipment ..................19.95

**Voyager C Camera Strap** (LOVCSB)
The Lowepro Voyager C Camera Strap was designed with the adventure photographer in mind, and is also the perfect upgrade for photographers needing relief form those skinny, stock straps. Made with a soft, breathable neoprene material reinforced with nylon webbing, it provides the extra padding needed for extended hikes or carrying heavier camera equipment. Two quick-release buckles make switching from one camera body to another fast and easy..................24.95

**Voyager S Camera Strap** (LOVSSB)
The Lowepro Voyager S Camera Strap is primarily designed for adventure photographers who wear their cameras sling-style across the chest. The straight Voyager S strap is also the perfect upgrade for photographers needing relief from those skinny, stock straps. Made of soft, breathable neoprene material reinforced with nylon webbing and coated with a non-slip backing; it also includes the extra padding needed for extended hikes or carrying heavier camera equipment..........................24.95
STRAPS

Bin/Op Strap (OPSBOB): A stylish and comfortable carrying system for compact binoculars and cameras with two connection points. It’s adjustable from 16.5-31.5”, and uses 1/4” webbing to attach to the connection area...........9.95

Cam Strap: The perfect wrist strap for small cameras, binoculars, or any other small item. The slide on the neoprene secures the strap snugly around the wrist. Adjustable from 8” to 15”. 1/4” webbing attaches to the connection area. Available in Forest Green, Wine, Navy, Red, Royal Blue, and Black colors...............................8.50

Mini Loop Strap: A snap to attach, this is the ideal strap for carrying cameras, binoculars or light meters with only one connection point. It uses a small cord which can be threaded through a tight connection area and measures 16½” in length. Available in Forest Green, Wine, Navy, Red, Royal Blue, and Black ......8.95

Cinch Strap: A versatile strap for all small cameras, binoculars or light meters. The 1/4” webbing can be fed easily through single, double or channel connection areas. It allows equipment to glide back and forth, remaining balanced at all times. It’s adjustable from 9” to 23”. Available in Forest Green, Wine, Navy, Red, Royal Blue, and Black colors .........................9.95

Mini Loop Strap-QD: Easily adjustable using a unique slide. It has a small quick disconnect for added convenience. It’s adjustable from 17-25” and can be worn comfortably around the neck or shoulder. Available in Forest Green, Wine, Navy, Red, Royal Blue, and Black colors .........................9.95

Cam Strap-QD: Featuring a small quick disconnect, the Cam Strap-QD allows you to quickly switch to the Mini Loop Strap-QD. It secures comfortably around the wrist and measures 10” long. Available in Forest Green, Wine, Red, Royal Blue, and Black colors .........................9.95

Gotcha Wrist Strap: Neoprene wraps comfortably and snugly around the wrist while 3/8” webbing easily attaches to the camera. The wrist size adjusts from 7-10” and the webbing is from 5-14”. A quick disconnect offers added convenience. Available in Navy, Red, Royal Blue .........8.95 Available in Black ........................................9.95

Fashion Strap: A comfortable neoprene strap that fits most cameras and binoculars with a patented, easy to attach connection system. It adjusts from 38” to 44” and has quick disconnects for added convenience. Available in Black, Red, Navy, Royal Blue, Wine, Nature, Steel, and Forest Green .........................14.95

Fashion Strap-3/8”: Same as the Fashion Strap; however, it uses 3/8” webbing for tight connections and is adjustable from 27” to 55”. Available in Black, Red, Navy, Royal Blue, Wine, Nature, Steel, and Forest Green .......15.95

E-Z Comfort Strap: Combines high quality neoprene, leather and 3/8” webbing to form a simple, yet comfortable strap. The slim design and easy-to-use connection system make this a great strap for binoculars and cameras. Available in Black, Red, Navy, Nature, Steel, and Forest Green.............9.95

Super Classic Strap: Same tailored design as the Classic Strap; however, it adds a patented internal control-stretch system and Non Slip Grip. Ideal for carrying a heavy camera, binoculars or power pack. Available in 3/8” connectors (37-43”) or Pro Loop connectors (42-48’). Available in Black.................................20.95

The Pro Strap-3/8”: The choice of pros. The weight reduction system and Non Slip Grip features make it absolutely essential for pro-longed use of heavy cameras and power packs. It’s fully adjustable from 25 to 51”. Available in Black, Wine Red, Steel, Red, Royal Blue, Navy and Forest Green.................................19.95

Pro Loop Strap: Same comfort as the Pro Strap-3/8” but it uses a unique loop connector for tight camera connection points. Fully adjustable from 37” to 43” Available in Black, Wine Red, Steel, Red, Royal Blue, Navy and Forest Green .........................19.95
**SUPER PRO STRAP**

Great for today’s active photographers and wildlife enthusiasts. Comfortably carry two cameras or a camera and binoculars at the same time. The primary strap is adjustable from 24” to 51” and attaches with quick disconnects to the main body of the strap. The secondary strap is adjustable from 31” to 35” and attaches with snap hooks to D-Rings located on the main body of the strap. Both connection systems use the 3/8” webbing to attach to your gear. Available in Black, Red, Navy and Steel. ........................20.95

**STABILIZER STRAP**

Keep your camera close to your body so you’re free to enjoy hiking, climbing, biking, etc. It incorporates a quick disconnect to easily attach on and off. For quick access to your camera, merely stretch the neoprene over the lens. Adjustable from 19” to 55” ..........16.95

**GRIP STRAP**

A secure system for carrying your camera in your hand. Simply attach the metal base plate to the tripod mount area and secure the Grip Strap to your camera connection area. It adjusts to fit snugly across the back of the hand as well as snaps comfortably around the wrist. Security and convenience in one...28.95

**SUPER PRO STRAP**

Finally, you can benefit from Op/Tech’s weight reduction system and Non Slip Grip on your medium format and 35mm cameras with retaining lugs. Super Pro Strap is available in a choice of two metal clip designs. Once the clip is attached, the unique plastic locking slide mechanism is slid in place to secure the clip and protect the camera’s finish. Super Pro Strap is fully adjustable from 37” to 46.5”. Available in Steel, Navy, Red and Black. ............................19.95

**UTILITY STRAP**

For small bags, battery packs and more. It incorporates neoprene internal support foam, 3/4” webbing, quick disconnects and rugged locking swivel clips. Fully adjustable (approximately 40 – 53”) .........................19.95

**UTILITY STRAP WITH 3/8” CONNECTOR**

Similar to the standard Utility Strap, this version features 3/8” webbing connectors and is adjustable from 26” - 53” .................CALL

**MINI S.O.S. STRAP**

The “Save On Shoulders” strap offers a unique internal control-stretch system along with a non skid surface. Attaches with metal swivel hooks or 1” webbing. Adjustable from 20” to 52” .................................16.95

**S.O.S. STRAP**

Same as above with 1½” webbing ...........19.95

**BAG STRAP**

A soft, durable neoprene pad with comfort-stretch backing make bags feel 50% lighter. For small to medium weight bags. It offers metal swivel hooks and is adjustable from 27” to 52” .................................22.50

**TRIPOD STRAP**

With thick neoprene padding, this tripod strap is very easy on your shoulder. Simply attach one side near the neck of the tripod, and the other at the base of the legs. Fully adjustable from 15” to 44” ......................23.95

**TRIPOD LEG WRAPS**

Wraps each leg individually to protect the legs against damage and to give you added comfort against shoulder fatigue. It also keeps the cold metal legs “under wraps” and away from your skin. Available in three sizes: 1”, 1¼”, 1½” diameter leg sizes. The 17” foam can be cut to fit your needs ....................26.95

**SYSTEM CONNECTORS**

Straps can be lengthened or shortened to be worn across or at chest level. Sets of 2.

**SWIVEL HOOK CONNECTORS**

(OpSCH): 11”–17” each side .........................8.50

**ADJUSTABLE CONNECTORS**

(OpSCA): 8.5”–12” each side ......................7.50

**3/8” WEB CONNECTORS**

(OpSCW): Comes with most straps. 4”–17” each side ..................7.50

**REPORTER/BACKPACK CONNECTORS**

(OpSCP): 10”–13” each side ......................8.50

**SUPER PRO CONNECTORS–A DESIGN**

(OpSCPA): 9”–13” each side ......................9.95

**SUPER PRO CONNECTORS–B DESIGN**

(OpSCPC): 10”–15” each side ......................9.95

**UNI-LOOP: 3.5” SYSTEM CONNECTOR**

7.95

**UNI ADAPTOR LOOP**

10.5” – 13.5” .................................8.75

**REPORTER/BACKPACK**

8.5” – 10.5” .................................8.75

**HARD WATERTIGHT CASES**

**Watertight Equipment Protector Cases**

The world’s toughest protector cases, Pelican cases are built to perform in the most severe condition. Designed for active photographers and backed by an unconditional lifetime guarantee, the cases are watertight and airtight to 30’, dustproof, corrosion proof and unbreakable, for the ultimate in protection. Constructed of lightweight space-age structural resin with a neoprene o-ring seal and exclusive purge valve, most cases are supplied complete with pre-scored pick ‘n’ pluck foam or padded dividers (no cutting required), but are also available without the foam. They also include locking flanges, massive multiple latches for absolute security and a comfortable molded fold down handle.

- Exclusive 1/4” neoprene o-ring guarantees a perfect seal. Neither dust or water can penetrate this barrier.
- Built-in o-ring sealed pressure purge valve allows for quick equalization after changes in altitude or temperature.
- Incredibly light structural foam resin shell always looks new, and is unaffected by dents, scratches or corrosion.
- Prescored “pick-n-pluck” foam or padded dividers protect even the most sensitive equipment.
- Cases far exceed the highest standards of industrial, airline, military and commercial applications:
  - Stacking: 400 lbs.; Drop Test: 48”
  - Humidity: 120° F;
  - Immersion: 2” at 160°F

**www.bhphotovideo.com**
Tamrac’s Expedition Series backpacks set the standard of quality, function and comfort for photographic backpacks. Besides their striking design, some unique highlights of these backpacks include the Dual “wing” accessory pockets with water-resistant zippers that organize and provide quick access to important accessories without disturbing other gear. The patented Memory & Battery Management System uses red flags to identify available memory cards and batteries. Dual-Density Comfort Pads on the back provide maximum carrying comfort and Air Flow Channels help to keep you cool and dry. The QuickClip tripod attachment system securely holds a tripod centered and balanced between the “wing” accessory pockets while the lower plastic-reinforced Tripod Foot Pocket holds two tripod legs secure.

**Expedition 8 (TA5578)**
The Expedition 8 is Tamrac’s largest backpack for carrying the most extensive collection of photo equipment. The main compartment has numerous adjustable, foam-padded dividers to protect multiple pro-size SLRs, a full range of lenses, and flashes. A BioCurve dual pivoting waist belt and contoured harness provide a custom fit and distribute the weight of the pack evenly. It also features Window-pane-Mesh pockets, water-resistant zippers, and MAS and SAS attachment slots. Its dimensions are 13 x 13½ x 22” and it weighs 7 lbs. 4 oz ................................................... **229.95**

**Expedition 7 (TA5577)**
This full-featured backpack holds a wide range of SLRs, lenses, and accessories. It’s dimensions are 13 x 13½ x 19½”, and it weighs 6 lbs. 5 oz.........**199.95**

**Expedition 5 (TA5575)**
A medium-sized backpack with foam-padded protection for multiple SLRs, 5-6 lenses and accessories. 12¾ x 10 x 16”, 4 lbs. 5 oz.................**139.95**

**Expedition 4 (TA5574)**
A feature rich, compact pack that holds an SLR, 3-4 lenses (including a 200mm zoom), and accessories. 12 x 9½ x 14”. Weighs 3 lbs. 13 oz.................... **121.95**

**Expedition 3:** Offers expedition-level performance in a compact photo backpack. This full-featured pack holds most SLRs with a lens attached up to 7” long, 2-3 lenses and accessories. Available in Black (TA5273B) and Green (TA5273GR). 9 x 6½ x 13”. It weighs 2 lb. .......**49.95**

*Front accessory pocket features Tamrac’s Memory and Battery Management System.*

*“Wing” accessory pockets feature Tamrac’s patented Memory and Battery Management System.*
ADVENTURE SERIES

BACKPACKS

Tamrac’s Adventure Series photo backpacks have modern and sleek designs, that, for security, do not look like camera bags. In these lightweight, uniquely designed backpacks, the lower sections are completely foam-padded camera bag compartments, while the upper sections hold a light jacket, lunch or other items necessary for your next photo adventure. Their features include Tamrac’s patented Memory & Battery Management System™, mesh side pockets for accessories and water bottles, and comfortable, foam-padded harnesses.

Adventure 9 Photo/Computer Backpack
The Adventure 9 is a modern backpack designed for the SLR photographer with a pro digital or film SLR (such as Canon’s EOS 1D Series or Nikon’s D2 Series) with a grip and 5˝ lens attached, several additional lenses, a flash, accessories and a laptop. The completely foam-padded lower compartment protects photo gear, while the large top compartment holds personal items. A separate, completely foam-padded rear compartment provides quick access to a laptop, up to 15½ x 11 x 2˝ in size, without disturbing photo equipment. Tamrac’s patented Memory & Battery Management System™ uses red flags to identify available memory cards and batteries from ones that are used up. Available in Red/Black (TA5549RB), Gray/Black (TA5549GB), and Camo/Black (TA5549C). 13 x 11 x 20˝; it weighs 4 lbs. 3 oz...........................................124.95

Adventure 7
The Adventure 7 is designed for the SLR photographer with a large digital or film SLR (such as Canon’s EOS 1D Series or Nikon’s D2 Series) with a grip and 5˝ lens attached, several additional lenses, a flash and accessories. The completely foam-padded lower compartment protects photo gear, while the large top compartment holds personal items. Tamrac’s patented Memory & Battery Management System™ uses red flags to identify available memory cards and batteries from ones that are used up. Available in Red/Black (TA5547RB), Gray/Black (TA5547GB), and Camo/Black (TA5547C). 13½ x 9 x 17½˝; it weighs 2 lbs. 6.2 oz..............67.50

Adventure 6
Adventure 6 holds a digital or film SLR (such as Canon’s 30D or Nikon’s D80) with a 3½˝ lens attached, an additional lens, a small flash and accessories. Available in Red/Black (TA5546RB), Gray/Black (TA5546GB), and Camo/Black (TA5546C). 11½ x 8½ x 15¼˝; weighs 1 lb. 15.5 oz ....59.95

M E S S E N G E R S

Sleek and hip, Tamrac’s Adventure Series Messenger Bags have a comfortable, slim profile for navigating life while safely and discretely transporting your photo gear. They feature Speed Flap™ Tops that open to reveal adjustable, foam-padded internal dividers that provide a custom fit to camera equipment. Zippered front pockets, full-length zippered Speed Pockets™ on the flaps and rear pockets provide extra storage for manuals and accessories, while a side pocket is perfect for a cell phone or MP3 player.

Adventure Messenger 4
This slim-profile messenger bag is great for carrying a digital or film SLR with a zoom lens attached (up to 6” long), several additional lenses and a flash. A padded shoulder strap and EasyGrip™ carrying handle provide convenient carrying options, while the Piggy-Back Pocket™ allows the bag to be slipped over the handle of Tamrac’s rolling cases or rolling luggage. Available in Red/Black (TA5534RB), Gray/Black (TA5534GB) and Camo/Black (TA5534C). 13¾ x 5½ x 9½˝; it weighs 1 lb. 9.8 oz..............................................................44.95

Adventure Messenger 3
Compact messenger bag for a digital or film SLR with a zoom lens attached (up to 5½” long), an additional lens and a compact flash. Available in Red/Black (TA5533RB), Gray/Black (TA5533GB) and Camo/Black (TA5533C). 9½ x 5½ x 9½˝; it weighs 1 lb. 3.8 oz....................................................34.95

Adventure Messenger 1
Ultra-compact messenger bag for a compact digital or film SLR with a lens attached (up to 3½” long) and accessories. Available in Red/Black (TA5531RB), Gray/Black (TA5531GB) and Camo/Black (TA5531C). 8½ x 5½ x 7½˝; it weighs 14 oz..............................................................24.95
The Velocity Series combines contemporary styling with innovative design features to provide quick access, ease of use and excellent protection.

**Velocity 9x**
The Velocity 9x holds a pro digital or film SLR with a grip and 10” zoom lens attached (such as a 70-200mm), extra lenses and a flash. The Velocity 9x can be carried comfortably like a backpack, but when swung around to the front, the secure zippered top opens away from the body for fast and convenient access to camera gear. A well-padded sling strap comfortably distributes the weight, but need not be removed for access to photo gear. The front pocket features Tamrac’s Memory & Battery Management System™ to identify available memory cards and batteries. A Tuck-A-Way™ waist belt helps stabilize the pack. Customizable with Tamrac’s optional M.A.S. accessories. Available in Black (TA5769B) and Blue (TA5769BL). Its dimensions are 13 x 7 x 15½”; it weighs 2 lbs. 8 oz... **79.95**

**Velocity 8x**: Slightly smaller than the Velocity 9x, this sling pack holds a pro digital or film SLR with a grip and 8” lens attached (such as most 70-200mm), extra lenses and a flash. Available in Black (TA576801B) and Blue (TA576804BL). Its dimensions are 12½ x 6 x 13½”; it weighs 2 lbs ............................ **69.95**

**Velocity 7x**: This ultra-functional sling pack carries like a backpack, but swings around to the front for quick access to an SLR with a 6” lens attached and a couple of additional lenses. The secure zippered top opens away from the body for fast and convenient access to photo gear. A well-padded sling strap comfortably distributes the weight, but need not be removed to access photo equipment. A Tuck-A-Way™ waist belt helps stabilize the pack. The front pocket features Tamrac’s Memory & Battery Management System™ to identify available memory cards and batteries. Customizable with Tamrac’s optional M.A.S. accessories. Available in Black (TA576701B) and Blue (TA576704BL). Its dimensions are 11½ x 5½ x 12”; it weighs 1 lb. 9 oz... **59.95**

**Velocity 6x**: Tamrac’s most compact sling pack is perfect for a compact digital or film SLR with a lens attached up to 5” long, another small lens or flash and accessories. Available in Black (TA576601B) and Blue (TA576604BL). 9½ x 5¼ x 10¼”; it weighs 1 lb.................... **39.95**

**PHOTO HIP PACK CONVERTIBLE**

**Velocity 5x**: It doesn’t look like a camera bag, but it holds a digital or film SLR with a 5” zoom lens attached, an additional lens and a flash. It converts from a shoulder bag to a hip pack with the Tuck-A-Way™ hip belt. For fast access to camera gear, the zippered top opens away from the body. The front pocket features Tamrac’s Memory & Battery Management System™ to identify available memory cards and batteries. Compatible with Tamrac’s optional M.A.S.™ and S.A.S.™ products. Available in Black (TA576501B) and Blue (TA576504BL). 12 x 7 x 9½”; it weighs 1 lb. 12 oz ............... **59.95**
**COMPUTER BACKPACKS & CYBERPRO**

**Turbo CyberPro Photo/Computer Briefcase (TA5618B)**
A slim, briefcase-style carrying system for your laptop and photo gear. The patented TurboTop opens with a quick pull of the parallel double zippers to provide instant access to your equipment. Inside, foam-padded dividers organize and protect your equipment in a vertical orientation for a slim profile. A separate, foam-padded pocket in back protects laptops up to 11 x 2 x 15½”. Numerous interior and exterior pockets organize your accessories. An exclusive Slide Pocket with the Memory & Battery Management System helps to identify available memory cards and batteries from ones that are used up. Features include Modular Accessory and Strap Accessory System attachment slots, and a Piggy-Back Pocket to slip the bag over the handle of rolling luggage. 17½ x 8¼ x 12½”. It weighs 3 lb. 13 oz ......................................................... 99.95

**CyberPack 8 Photo/Computer Backpack (TA5258B)**
Ideal for the pro traveling with a ton of gear. The main compartment accepts multiple camera bodies, a long telephoto lens up to 13¾” attached to an SLR, an array of additional lenses, strobes, and a large laptop up to 11 x 2 x 15¼”. A professional tripod can be securely carried using the QuickClip tripod attachment system. A padded shoulder harness, padded hip belt, and sternum strap ease the burden of carrying this well equipped pack. Available in Black. 13½ x 11¼ x 20”; weighs 7 lb. 7 oz ......................................................................................... 169.95

**CyberPack 6 Photo/Computer Backpack (TA5256B)**
Similar, yet more compact than the CyberPack 8, the CyberPack 6 can accommodate 2 pro-sized SLR cameras, many lenses including an f/2.8 200mm zoom lens and a couple of strobes. Laptops up to 11 x 2 x 13” are protected in a separate, foam-padded compartment. 13¼ x 10¾ x 17”; weighs 5 lb. 13 oz ........................................... 129.95

**759: PHOTO/COMPUTER BACKPACK**

The main compartment will hold a full range of cameras, lenses and related gear including a pro-sized digital or film SLR with an attached lens up to 11” long. Adjustable, foam-padded dividers allow customization to exactly match your mix of cameras, lenses and equipment. Windowpane-Mesh pockets on the front panel inside the main compartment hold filters and other small accessories visible and within easy reach.

- The front panel of the pack unzips to reveal a set of organizer pockets designed to hold CDs, memory cards, floppy disks, cables, cords, and other computer-related accessories.
- In back, a foam-padded compartment holds a laptop such as an Apple’s 15” MacBook Pro or others up to 13 x 11 x 2”.
- Dimensions: 12½ x 10¾ x 15½”; it weighs 5 lb. 5 oz ......................................................... 279.95
Tamrac's Extreme Series Photo Backpacks are expedition-level photo backpacks constructed of the strongest, lightest and most versatile high-performance materials available, some developed exclusively for Tamrac. Each pack has lightweight nylon lining, adjustable dividers and thick closed-cell foam.

**787 - Extreme Super Photo Backpack** *(TA787B)*

The Extreme Super Photo Backpack is a full-sized, expedition-level photo backpack that is designed to carry a maximum amount of digital and photo equipment. The main compartment is filled with adjustable, foam-padded dividers that will hold the widest range of lenses and equipment. Windowpane-Mesh pockets on the inside of the front panel are perfect for filters and small accessories. The harness straps and hip belt are contoured and thickly foam padded. Additional features include: M.A.S. and S.A.S. attachment slots, QuickClip tripod attachment system, LockDown Rain Flaps, plastic platform in bottom, adjustable sternum strap, large front pocket, outer mesh pocket and lash tabs on the pack. Available in Black. It's dimensions are 12 x 11½ x 22½” (WxDxH). It weighs 7 lbs. 8 oz. .......................................................... 369.95

**777 Summit Photo Backpack**

Accommodates a combination of two digital or film SLR cameras (one with a long lens attached), a lot of lenses and equipment. 12 x 11½ x 17¾” (WxDxH). Available in Black *(TA777B)*. It weighs 6 lbs. 11 oz.............................. 339.95

**767 Photo Trail Backpack**

This compact backpack will hold cameras with attached lenses up to 11” long, making it excellent for everyday multi-purpose use. 12 x 10¾ x 15½” (WxDxH). Available in Black *(TA767B)*. It weighs 5 lbs. 4 oz.............................. 259.95

**Travel Pack 71**

Tamrac's most compact photo backpack, the Travel Pack 71 holds a compact SLR with an attached lens, a couple of additional lenses and accessories. EXPRESS SERIES

Tamrac’s stylish new Express Series combines upscale, contemporary designs with the functionality that only a Tamrac camera bag provides. These sophisticated products deliver quick access and equipment protection without sacrificing style. Highlighted with ultra suede accents in stylish colors, the Express Series will fit everyone’s lifestyle.

**Express Pack 8**

This upscale photo backpack with ultra suede trim has a foam-padded lower compartment for photo equipment and a top compartment for personal items. In the bottom compartment, adjustable, foam-padded dividers protect and provide a custom fit to an SLR with a 3½” lens attached, an additional lens and a compact flash. The top compartment holds personal items and features a zippered pocket inside to keep small items secure. The front pocket has paraphernalia pockets for a phone or PDA, and a zippered pocket inside to organize accessories and personal items. Side pockets and a quick access zippered pocket on the front flap provide abundant additional storage space. The shoulder straps are foam padded for comfort, but have a sleek, low profile. Available in Black (TA3548B) and Khaki (TA3548K). 11 x 6½ x 14¼”; it weighs 1 lb. 12.6 oz. .................................$59.95

**Express 6 Camera Bag**

This upscale shoulder bag with ultra suede trim is perfect for a digital or film SLR with lens up to 5½” attached, an additional lens, a flash and accessories. Adjustable, foam-padded dividers provide a custom fit to protect equipment. The front pocket has paraphernalia pockets and a zippered pocket inside to organize accessories and personal items. A Speed Pocket™ on the front flap and a zippered pocket in the back provide quick access to an instruction manual or a small notepad. A side pocket is ideal for a mobile phone, PDA or MP3 player. A padded, adjustable shoulder strap and a carrying handle provide convenient carrying options. Available in Black (TA3536B) and Khaki (TA3536K). 10 x 6 x 9”; it weighs 1 lb. 1.2 oz ......................$34.95

**Express 5 Camera Bag**

Holds a compact digital or film SLR with lens up to 3½” attached, an additional lens, a flash and accessories. Available in Black (TA3535B) and Khaki (TA3535K). 8 x 5½ x 7½”. It weighs 11.8 oz ...........$24.95

**Express Case 3**

This compact case features protective closed-cell foam padding, a secure magnetic snap closure, and elastic sides to provide a perfect fit to most ultra-thin cameras. A belt loop and removable shoulder strap provide convenient carrying options. Available in Black (TA3583B), Red (TA3583R), Desert Gold (TA3583G) and Lt. Blue (TA3583LBL). 4 x 1¼ x 3”; it weighs 2 oz .........................$14.95

**Express Case 2**

This compact case features protective closed-cell foam padding, a secure magnetic snap closure, and elastic sides to provide a perfect fit to most ultra-thin cameras. A belt loop and removable shoulder strap provide convenient carrying options. Available in Black (TA3582B), Red (TA3582R), Desert Gold (TA3582G) and Lt. Blue (TA3582LBL). 2½ x 1¼ x 4½”; it weighs 1.8 oz .......................$14.95

**Express Phone Case**

This ultra suede phone case has a secure magnetic snap closure, and elastic sides to provide protection for most popular mobile phones. A unique attachment system allows it to be attached to a belt or shoulder strap. Available in Black (TA3573B), Red (TA3573R), Desert Gold (TA3573G) and Light Blue (TA3573LBL). Its dimensions are 2½ x 1¼ x 4¼”; it weighs 1 oz .............................................$11.95

Accepts two pro-sized bodies fully packed, 2 large lenses (most 200mm lenses and shades), a flash, and accessories. 13 x 8¼ x 11½” (WxDxH). Available in Black (TA617B). It weighs 3 lbs. 6 oz.......................... 209.95

614 - Super Pro 14
Tamrac’s largest Lens-Bridge camera bag for carrying the widest range of pro and digital SLR cameras, multiple large lenses and accessories. Foam-padded rear pocket protects accessories or a thin notebook computer. Features a total coverage top, Tamrac’s Memory & Battery Management System, adjustable foam-padded compartments, Tamrac’s Lens-Bridge divider system, Pop-Off pocket, Piggy-Back Pocket, S.A.S. attachment slots, Speed Pocket on front flap, foam-padded end pockets and tripod straps. Available in Black (TA614B) and Gray (TA614G). 24 x 14 x 11¼”; it weighs 7 lbs. 3 oz ................................................................. 319.95

613 - Super Pro 13
For those with a full complement of pro and digital SLR cameras, multiple large lenses and accessories. Available in Black (TA613B) and Gray (TA613G). 21 x 13 x 11”, it weighs 5 lbs. 14 oz ................. 274.95

PRO SYSTEMS

Pro Systems bags are designed to carry two SLRs with lenses attached, numerous other lenses and accessories. They’re loaded with features like Tamrac’s patented Lens-Bridge divider system, adjustable foam-padded dividers, Tamrac’s Memory & Battery Management System, ZipDrop paraphernalia and mesh pockets, end pockets and the unique Piggy-Back Pocket for slipping the bag over the handle of rolling luggage.

612 - Pro System 12
It accepts two SLRs, 6-8 lenses and a flash. It features a total coverage top, adjustable foam-padded compartments, the exclusive Lens-Bridge divider system, Pop-Off pocket, Piggy-Back Pocket, S.A.S. attachment slots and tripod straps. Available in Black (TA612B) and Gray (TA612G). 19½ x 12 x 10”; it weighs 5 lbs. 5 oz............................................................... 244.95

610 - Pro System 10
An excellent general purpose bag for the working photographer. Accepts two SLRs, five to six lenses and a flash. It’s dimensions are 20 x 10 x 10” and it weighs 4 lbs. 2 oz. It is available in Black (TA610B) and Gray (TA610G) .................................................. 209.95

608 - Pro System 8
A favorite of photojournalists because of its compact size. It accepts two SLRs, four to five lenses and a flash. It’s dimensions are 17¼ x 9 x 8¼” and it weighs 3 lbs. 5 oz. It is available in Black (TA608B), Navy (TA608N) and Gray (TA608G) ................................................................................ 169.95

www.bhphotovideo.com
The Zoom Travelers are tough, compact and lightweight and have many of the features of Tamrac’s professional-sized camera bags. For nearly thirty years, these products have become the benchmark for camera carrying systems and are among the most popular camera bags in the world. They are ideal for a single SLR with several lenses and accessories.

**606 - Zoom Traveler 6**

The Zoom Traveler 6 is designed for an SLR, 3 to 4 lenses and a flash. Features include the USA patented Lens-Bridge and LensGate Divider System, two large Velcro closing end pockets, Pop-Off pocket, a full-length ZipDrop front pocket with organizer compartments, the Slide Pocket with Tamrac’s Memory & Battery Management System, a unique Piggy-Back Pocket for travel with rolling luggage and tripod straps to hold a small tripod or a light jacket. This is the most full-featured camera bag and perfect for the photographer working with a single camera. Available in Black (TA606B), Gray (TA606G) and Navy (TA606N) colors. Dimensions are 15⅛ x 10 x 8⅛”; it weighs 2 lbs. 7 oz..................................134.95

**604 - Zoom Traveler 4**

Accommodates an SLR camera, 3 to 4 lenses and a flash. 2 lbs. 2 oz; 12 x 10 x 8⅛”. Black (TA604B), Gray (TA604G) and Navy (TA604N) colors ...............................119.95

HOLSTER PACKS, VEST & TRIPOD CASES

**HOLSTER PACKS**

519 Pro Zoom Pack: The perfect bag if you want the absolute minimum in a camera bag and still have excellent protection. It allows the camera to be carried with minimal bulk and fuss, and can accommodate large pro cameras such as Nikon’s D2 and Canon’s 1D Series cameras together with an attached zoom lens up to 8” long. Inside the top is a Windowpane-Mesh pocket for filters, lens caps or cleaning materials. The front pocket features Tamrac’s Memory & Battery System. The Pro Zoom Pack accepts Modular Accessory System accessories and fits onto Tamrac’s M.A.S. belt system. Available in Black (TA519B), 9 1/2 x 6 1/2 x 10 1/2”, it weighs 1 lb. 2 oz ..................64.95

517 Tele-Zoom Pack: This Zoom Pack holds a digital or film SLR camera with an attached lens up to 7 1/2” long. An internal, padded divider provides protection for an extra lens or accessories. A large outside pocket will hold a flash, extra film and accessories. Available in Black (TA517B), Gray (TA517G) and Navy (TA517N), 9 1/4 x 5 1/2 x 10 1/2”, it weighs 13 oz..............45.95

515 Compact Zoom Pack: Holds most digital or film SLR cameras with an attached lens up to 5 1/2” long. A large zippered front pocket holds a small flash, extra film and accessories. Wear it as a chest pack with the optional Chest Harness. Available in Black (TA515B), Gray (TA515G), Navy (TA515N) and Chili (TA515C), 7 3/4 x 5 1/2 x 8 1/2”, it weighs 11 oz.........39.95

514 Sub-Compact Zoom Pack: Designed to hold a compact SLR with a lens up to 3” long attached. A pocket inside the top holds items like filters, memory cards, lens caps, etc. An outside zippered pocket will hold accessories. Available in Black (TA514B), Gray (TA514G), Navy (TA514N) and Chili (TA514C). 6 3/4 x 5 3/8 x 7 1/4”, it weighs 10 oz.................37.50

**TRIPOD CASES**

Medium Tripod Bag (TA324B) For tripods up to 25” when folded. Zippered exterior pocket for cable releases and accessories. Black waterproof PowerGrid Cordura. 9 x 27 3/4”, it weighs 14 oz ..........34.95

Large Tripod Bag (TA326B) Same as above, for tripods up to 33” folded. 10 1/2 x 35”, it weighs 1 lb. 1 oz .................42.95

Extra Large Tripod Bag (TA327B) Same as above, for tripods up to 39” folded. 11 1/4 x 40”, it weighs 1 lb. 2 oz ..................45.95

Professional Location Bag (TA328B) For professional light stands and tripods up to 46”, Foam padded with internal Cordura pockets. Its dimensions are 9 x 8 x 47”, and it weighs 3 lbs. 12 oz.....................................119.95

**Model 153 - World Correspondent’s Vest**

The World Correspondent’s Vest is both a functional tool and a good looking addition to any photographer’s wardrobe. Constructed of 100% cotton with nylon mesh vents, it has excellent yet discreet ventilation and lots of convenient pockets. The front of the vest features 10 pockets. During hot weather, two zipper-vented mesh pockets open to provide cooling ventilation. Two zippered side pockets give you secure space for film and accessories. Discreet vented back panels provide flow-through ventilation without looking like a mesh vest. Side tabs are provided so the vest can be adjusted for a custom fit. The front zips open and closed with a two-way zipper and snap tab allowing the vest to be adjusted for perfect ventilation and comfort. Four “D” rings provide secure attachment points and press snap-down epaulets keep camera and bag straps from slipping off the shoulder. Washable with less than 5% shrinkage.

CAMERA STRAPS

All Tamrac camera straps are designed to work with slotted connectors and standard, split-ring connectors. All straps have quick connectors and can be interchanged with any other Tamrac strap allowing cameras to be quickly changed with various strap systems.

Anti-Slip Quick-Release Camera Strap
A strong, lightweight camera strap with two full-length rubber tracks woven into the material to prevent shoulder slip. Quick-release buckles. Adjusts to 41” in length. Available in Black (TAN17B), Silver Flames (TAN17SF), and Flash (TAN17F). It weighs 3 oz ..............21.95

Shock Absorber, Neoprene Camera Strap-Quick-Release
Made of tough and stretchy neoprene rubber that acts as a shock absorber. Quick-release buckles. Adjusts to 42” in length. Available in Black (TAN25B), and Blue (TAN25BL) colors. It weighs 3 oz .......................21.95

Boomerang Strap
A wide, contoured neoprene camera strap that cushions the neck from heavy cameras. The contoured "Boomerang" shape follows the curve of the neck or shoulder while distributing the weight over a wide area. Quick-release buckles. Adjusts to 44” in length. Available in Black (TAN27B), and Blue (TAN27BL) colors. It weighs 3 oz.......................22.95

Backpack Camera Straps (TAN11)
These straps clip to the "D" rings on backpack harnesses to hold cameras ready for quick access. It weighs 2 oz ........................................19.95

Camera Hand Strap with Quick-Release (TAN15)
An excellent way to handle a camera when a neck strap is not required. It weighs 1 oz ........................................16.95

Slim, Soft Quick-Release Camera Strap
Lightweight, slim and at only 1” in width, very comfortable on your neck. The quick-release buckles. Available in Red Flame (TAN40RF), Silver Flame (TAN40SF), and Flash (TAN40F). It weighs 3 oz ......................24.95

Foam-Padded, Leather Camera Strap with Quick Release
The ultimate in camera carrying comfort. The thick foam pad absorbs and distributes the weight, while the non-slip suede leather keeps the equipment from slipping off the shoulder. Quick-release buckles. Adjusts to 50” in length. Available in Black (TAN45B) and Brown (TAN45BR) colors. It weighs 3 oz........................................25.50

Superlight, Foam-Padded Strap with Quick Release
The adjustable, thick foam pad absorbs and distributes the weight while the non-slip lining keeps the equipment from slipping off the shoulder. Quick-release buckles. Adjusts to 49” in length. Available in Silver Flame (TAN46SF), Red Flame (TAN46RF), and Flash (TAN46F) colors. It weighs 1 oz ........25.50

N-5053 Anti-Slip Digital Camera Strap
Lightweight, strong strap with rubber tracks to prevent slippage. Adjusts to 41” in length. Available in Black (TAN5053B), Silver Flames (TAN5053SF), and Flash (TAN5053F). It weighs 4 oz .....................24.95

N-5055 Neoprene Shock Absorber Digital Camera Strap
Tough, stretchy neoprene rubber absorbs the weight of the camera for all-day comfort. Adjusts to 40” in length. Available in Black (TAN5055B) and Blue (TAN5055BL). It weighs 4 oz .....................24.95

N-5057 Neoprene Boomerang Digital Camera Strap
Wide, contoured, stretchy neoprene rubber absorbs the weight of heavy cameras and lens for all-day comfort. Adjusts to 44” in length. Available in Black (TAN5057B) and Blue (TAN5057BL). It weighs 4 oz ..............29.95

N-5059 Leather Padded Digital Camera Strap
Genuine suede leather and foam padding provide carrying comfort. Adjusts to 50” in length. Available in Black (TAN5059B) and Brown (TAN5059BR). It weighs 4 oz...........29.95
Expo camera bags are perfect for the photographer who is not carrying a lot of equipment. Though compact in size, they are made with the same quality, workmanship and materials as Tamrac’s larger bags.

**Expo Jr.:** Designed to carry compact cameras and small binoculars. It is also a great “extra pocket” for light meters, lenses and other accessories. It features a Speed Flap Top, a Windowpane-Mesh filter/lens cap pocket in the top, a front accessory pocket with zipper, and smooth nylon pack cloth on the back. It has an adjustable shoulder strap, a carrying handle, and belt loops to convert to a belt bag. 5¾ x 5½ x 6½”. Available in Black (TA600B), Navy (TA600N), Gray (TA600G), and Chili (TA600C). It weighs 7 oz. .......................................................... 35.95

**Expo 1:** Ideal for a compact SLR and an extra lens or flash. It has an adjustable, foam-padded divider, a Windowpane-Mesh pocket, a zippered front pocket and smooth nylon pack cloth on the back. It features an EasyGrip carrying handle, an adjustable shoulder strap and belt loops for use as a belt bag. Available in Black (TA601B), Navy (TA601N), Gray (TA601G), and Chili (TA601C). 8¾ x 4½ x 6½”. It weighs 11 oz .................................................. 42.50

**Expo 2:** Similar to the Expo 1, but slightly larger. Two adjustable inner dividers allow you to carry a camera, extra lens, flash and accessories. 9¾ x 7¾ x 6¼”. Available in Black (TA602B), Navy (TA602N), Gray (TA602G) and Chili (TA602C). It weighs 12 oz ................................................. 49.95

**Convertibles & Expos**

Convertible camera bags offer the broadest utility by changing from one type of carrying system to another, which offer multiple carrying options. Each converts from a shoulder bag to a hip pack.

**709 - Pro Convertible** (TA709B)
Ideal for photographers on the move with two SLR or digital cameras, four to five lenses and a flash. It’s features include a Tuck-A-Way hip belt so it can quickly convert from a comfortable shoulder bag to a hip pack, total coverage top, adjustable foam-padded compartments, Lens-Bridge with LensGate divider system, LensHatch in back, Pop-Off pocket, large padded end pockets, tripod straps, EasyGrip handle and torsion bar, S.A.S. attachment slots and a ZipDrop pocket with an internal zippered mesh accessory pocket and paraphernalia pockets for personal items and small accessories. Available in Black. Its dimensions are 16¾ x 10¾ x 9¼”. It weighs 3 lbs. 12 oz .......................................................... 219.95

**704 - Sport Convertible**
For a single camera with an attached lens, two to three lenses and a flash with the convenience of a hip belt. Its dimensions are 11 x 9 x 7¼”. Available in Black (TA704B). It weighs 1 lbs. 8 oz ................................................. 84.95

**Professional Lens Cases**

Featuring Dual Foam Technology, these black lens cases combine maximum shock protection closed-cell foam with open-cell foam for vibration dampening and a custom fit. A hard plastic bottom beneath the foam protects the lens from shock. These cases have full coverage rain flaps, double slider coil zippers, a handle on top, belt loops and “D” rings for accessory shoulder straps.

**Small Lens Case** (TA342)
For lenses up to 5⅞” long. Its dimensions are 5⅞ x 7⅞, it weighs 8 oz ............................................. 37.95

**Medium Lens Case** (TA344)
For lenses up to 7¾” long. Its dimensions are 6⅝ x 9”, it weighs 9 oz ................................................. 41.95

**Large Lens Case** (TA346)
For lenses up to 9¾” long. Its dimensions are 6 x 11¾, it weighs 12 oz ............................................. 47.95
MODULAR ACCESSORY SYSTEM (M.A.S.)

Tamrac’s Modular Accessory System offers additional accessories that quickly attach to any belt or Tamrac products that have the M.A.S. quick-attachment system. Using a security flap with snaps, these accessories are easy to attach and provide a fast and secure method for customizing many backpacks, hip packs, shoulder bags and the M.A.S. padded Modular Accessory Belts. Whether it’s extra lens cases, a water bottle carrier, or filter pack, you can customize your carrying system to match your exact requirements.

M.A.S. Medium Lens Case (TAMX5375)
Medium zipper-closing, foam-padded lens case with weather flap for lenses up to 4½” long and filter size of 82mm. It quickly attaches to the Modular Accessory System or any belt. Supplied with a handle, rain-flapped zipper and a padded bottom. Its dimensions are ¾ x 5¼”; it weighs 3 oz..........................$12.95

M.A.S. Large Lens Case (TAMX5378)
Larger version of above, for lenses up to 6¾”. ¾ x 6¾”; it weighs 4 oz...............................$15.95

M.A.S. X-Large Lens Case (TAMX5379)
Extra large version of above, for lenses up to 8½”. ¾ x 9¼”; it weighs 6 oz.............................$19.95

M.A.S. Small Accessory Pocket (TAMX5382B)
This foam-padded, fast-access pocket is perfect for camera backs and other small accessories. It quickly attaches to the Modular Accessory System or any belt. ¾ x 3 x 7¾”; it weighs 3 oz..........................$16.95

M.A.S. Medium Accessory Pocket (TAMX5384B)
Same as above, but slightly larger. ¾ x 3 x 7¾”; it weighs 4 oz.................................$19.95

M.A.S. Filter Belt Pack (TAMX5388B)
A top loading 900 denier PolyTek pack that provides quick access to five filters up to 82mm in separate foam-padded slots. ¾ x 2¼ x ¾”; it weighs 3 oz..........................$19.95

M.A.S. Water Bottle in Padded Carrier
(TAMX5398B)
A 20 oz. water bottle in a foam padded carrier keeps your beverage within reach at all times. Foam padded carrier attaches to any belt or Modular Accessory System. ¾ x 8¼”; it weighs 5 oz...........................................$19.95

M.A.S. Modular Accessory Belt - Medium (TAMBX5397B)
44 x 4¼”. Fits waist sizes up to 45”. Works with all Modular Accessories (except backpack pockets). It holds models 514, 515, 517, 519, 5513, 5514, 5515, 5628, 5683, 5684, 5627, and 5629 Zoom Packs. A 2” adjustable web belt and quick-release buckle are incorporated into a foam-padded belt system. The belt can also be threaded through gear that can take the 2” quick-release buckles; it weighs 10 oz...........................................$24.95

M.A.S. Modular Accessory Belt - Large (TAMBX5399B): Same as above, but slightly larger. It’s dimensions are 48 x 5”. It fits waist sizes up to 58”, and weighs 11 oz..........$24.95

M.A.S. Medium Raincover (TAMX5352B)
For extra security when using the Photo Backpack models 767, 777, 5256, 5375, 5549, 5575, and 5577. It provides a double-waterproof coated PowerGrid nylon that protects everything except for the back of the backpack and the harness. Folded into its pouch, it attaches to any M.A.S. backpack attachment points. ¾ x 1¼ x 8¾”. It weighs 7 oz.........................................$29.95

M.A.S. Large Raincover (TAMX5354B)
Same as above, but larger. For Photo Backpack models 777, 787, 5258, 5577, and 5578. 5 x 2½ x 8¾”. It weighs 9 oz..........................$42.50

M.A.S. Belt Harness (TAMX373B)
An adjustable, padded belt harness that keeps M.A.S. belts securely on the hips. Adjustable, sliding, foam-padded shoulder pads provide a comfortable, custom fit. It is constructed of strong nylon. It weighs 6 oz..........................$34.95
Photographer’s Tool Pack *(TA125)*
Made of Windowpane-Mesh to visibly hold filters, batteries, pens, pencils, screwdrivers, a notebook and most of the small accessories that are so difficult to find when you need them. It attaches to a ZipDrop pocket of many Tamrac Pro Systems bags......$26.95

Folding Filter Wallet *(TA5329)*
Designed to keep up to 8 filters organized, protected and available. It holds filters up to 82mm, offering quick access. When folded, it becomes a compact wallet-sized case that can fit in most camera bags. Black color. Its dimensions are 9 x 1 ½ x 4⅞”, and it weighs 6 oz ............................................................$19.95

S.A.S. Phone Case *(TAMX5321B)*
Perfect for many mobile phones. It quickly attaches to both Modular Accessory System (M.A.S.) Strap Accessory System (S.A.S.) compatible products, or any belt. 3 x 1¼ x 5⅞”, it weighs 2 oz .......................$9.95

Camera Bag Belt Restraint Strap *(TAS111)*
This webbing strap uses quick-release snap hooks to clip to the "D" rings of your Tamrac bag. This keeps the bag from swaying out away from your side. Quick-release buckles allow fast removal. 3 oz .....................$16.95

Cam Locking Cinch Straps *(TAS113B)*
These cinch straps attach accessories to Tamrac products that have lash tabs. Two straps to a package. Available in Black. 1” wide and 22” long. It weighs 1 oz......$9.95

Pro Series Camera Bag Harness *(TAS1148)*
This padded harness clips to the steel “D” rings on any Tamrac Pro Systems camera bag and allows them to be carried comfortably as a backpack. Two adjustable, slidingfoam-padded shoulder pads provide a comfortable, custom fit. Made of strong 2” wide nylon webbing, the harness attaches securely with Tamrac’s 200 lb. test Dragon Snap hooks for easy on and off. It weighs 13 oz .................................................$34.95

Accessory Shoulder Strap *(TAS115)*
This webbing strap has a non-slip patch and Tamrac’s exclusive DragonSnap Spring Hooks for increased security. It comes complete with S.A.S. attachment slots. It weighs 3 oz ..........................................................$13.50

BioCurve Foam-Padded Shoulder Strap *(TAS140)*
Created for the Extreme Series Hip Packs and Backpacks, this 59” long foam-padded shoulder strap is ergonomically shaped to comfortably fit the natural curve of your shoulder. A non-slip leather patch covered in PowerGrid Cordura has Tamrac’s exclusive DragonSnap Spring Hooks to assure secure attachment to hip packs, backpacks, and camera bags. Comes complete with Strap Accessory System (S.A.S.) attachment slots. The strap weighs 4 oz..........................$22.95

Classic Padded Leather Shoulder Strap *(TAS142)*
The original 61” long classic shoulder strap made of thick, non-slip leather with extra thick foam padding to cushion your shoulder from heavy loads. The quick-release snap hooks and 5000 lb. test aircraft seat belt webbing make it easy to use and extremely durable. Complete with S.A.S. attachment slots. It weighs 9 oz ..................$22.95

Chest Harness System *(TAS500)*
Model S-500 allows Holster Packs (models 5629, 5627, 519, 517, 515, 514) to be worn on your chest to capture photo opportunities during rigorous activities like climbing, skiing, kayaking, or biking. It weighs 14 oz..................$12.95

RollerProp *(TARP151)*
Attaches to the back of Rolling StrongBoxes and swings open to provide an easy access while positioned at a 60° angle. It does not change carry-on size. For model 651. It weighs 1 lb. 8 oz..............$44.95

RollerProp *(TARP152)*
Same as above, for model 652. It weighs 1 lb. 9 oz ..................$44.95

RollerProp *(TARP154)*
Same as above, for model 654. It weighs 1 lb. 10 oz .................$44.95
