2.4 GHz Wireless Waterproof Flex Keyboard
WKB-2200UB

The Adesso Wireless Waterproof Flex Keyboard is ideal for mobility and harsh work environments; it is designed to withstand unexpected falls and spills while offering up to 30 feet of wireless freedom. The keyboard is made with antimicrobial silicon material which prevents the growth of harmful bacteria, protects against germ buildup, and can be washed with soap and water. The keyboard's silicon material also offers faster and quieter typing performance, increasing daily productivity. The Adesso Wirless Silicon Waterproof Flex Keyboard is extremely portable with its slim and flexible design; you can easily fold it or roll it up and pack. This keyboard also features Multimedia and Internet Hotkeys for quick one-touch access to your multimedia tools and Internet navigation shortcuts.

Waterproof Design

No Limits With 2.4 GHz Technology

Flexible

2.4 GHz Technology with No Limits on Space, Angles or Distance

With 2.4 GHz RF wireless technology and 65000 IDs on 12 channels you can enjoy 30 feet of wireless freedom.

Durable Water, Oil & Dustproof

The keyboard is wrapped with an advanced silicone material that will protect it against oil, water, and dust. The silicone material also offers the ability to remove germs with liquid disinfectants or soap and water.

Flexible & Portable

Lightweight, slim with a compact design, which is great for traveling, school, or any industrial or medical environments.

Multimedia and Internet Hotkeys

Control your media player with one-touch using the built-in Multimedia Hotkeys. You can also navigate the Internet and access your emails with the built-in Internet Hotkeys.
