Charging the Bluetooth Speaker

1. Open the cover on the bottom end of the speaker.
2. Connect the small end of the Micro USB charging cord into the DC5V charging port on the end of the speaker.
3. Connect the other end of the Micro USB cable to your computer’s USB port.
4. The LED light on the top panel of the speaker lights up during charging.
5. When charging is complete, the LED light turns off when handled.
6. Close the cover on the bottom of the speaker.

Using your Bluetooth Speaker

Powering ON/ OFF
- To turn ON, slide the Power ON/OFF switch to the ON position.
- To turn OFF, slide the Power ON/OFF switch to the OFF position.

Adjusting the volume
Way 1: Rotate the Volume Knob to adjust the volume to the desired level.
Way 2: Press and hold the [VOL+] button to increase the volume and the [VOL-] button to decrease it to your desired level.

Answering/Ending a call
- To answer a call, quickpress the [MODE] button.
- To end a call, quickpress the [VOL+]/[VOL-] button.

To make a call:
Dial the number and press the send button on your mobile phone. The call is automatically transferred to the speaker.

Playing music
To enjoy wireless music on your Bluetooth Speaker, make sure you are connected to a Bluetooth enabled device.
- Once connected, you can press PLAY on your Bluetooth device or press the [MODE] button on the PWPBT15 Bluetooth Speaker.

Once playback has begun, you can control the music or answer phone calls from the control buttons of the Bluetooth speaker (with devices that have the AVRCP Bluetooth profile).

Music Controls
- Press the [MODE] button to pause the music.
- To resume music playback, press the [MODE] button again.

To adjust the volume:
Way 1: Rotate the Volume Knob to adjust the volume to the desired level.
Way 2: Press and hold the [VOL+] button to increase the volume and the [VOL-] button to decrease it to your desired level.

Answering/Ending a call
- Press the [MODE] button to answer a call.
- Press the [VOL+] button to increase the volume and the [VOL-] button to decrease the volume.

Using as a wired speaker
The PWPBT15 can be used as a wired speaker by using the included 3.5mm Auxiliary Cord.

1. Plug one end of the Auxiliary Cord into the AUX jack on the side of the speaker.
2. Plug the other end of the Auxiliary Cord into the headphone jack of any media device that has a 3.5mm headphone jack. When a standard headphone-out jack is used, normal stereo sound will be heard.
3. Use your device’s music controls to control the music. Only volume can be controlled when connected to a device using the Auxiliary Cord.

Certain Bluetooth features, including those listed, may not be supported by all compatible Bluetooth enabled devices in the market today, and are used according to each user’s authority to operate the equipment.
